

REJECT IMMEDIATE FREE SUGAR PLAN

**Schedule Remains Un-
changed From Form In
Which It Was Presented**

CAUCUS SETS NO DATE

**Caucus Left Open Exact Date
When Sugar Would Go On
Free List In 1916**

NO CHANGE MADE IN TOBACCO

WASHINGTON, APRIL 12.—Im-
mediate free sugar was rejected today
by the house Democratic caucus by
an overwhelming vote, following an
appeal of the Democratic leaders to
stand by the president and the ways
and means committee. This leaves
the sugar schedule unchanged from
the compromise form in which it was
presented to the caucuses by Chairman
Underwood and his colleagues of the
committee following conferences be-
tween the white house executive and
leaders of both houses of congress.

The Democratic members of the
committee, including such free trad-
ers as Representative Harrison of
New York and Rainey of Illinois,
stood as a unit for a three year basis
reduction to a free sugar basis.
Leaves Open Date in 1916.

Besides this action the caucus left
open the exact date when sugar
would go on the free list in 1916. An
amendment proposed by Representa-
tive Hardwick of Georgia proposed
that the time it should take effect
should be May 1, 1916, so as to be
in effect before the beginning of the
canning season. The caucus agreed
to leave the matter to be brought up
by the ways and means committee
after all the rest of the tariff bill has
been disposed of in caucus.

The overthrow of the immediate
free sugar came at the close of a day
of arguments and the amendment
proposing that sugar should become
free with the operation of the new
tariff law was made by Representa-
tive Hardwick. It precipitated the
real fight of the day and was lost by
a vote of 165 to 39.

After the schedule had been as-
sailed for hours by the pro-potents
of the sugar planters in Louisiana
and the beet sugar growers. Chair-
man Underwood vigorously defended
the proposed rates. In his speech to
the caucus he pleaded strongly for a
united party in support of the bill as
presented and he emphatically as-
serted that the sugar adjustment
suggested by President Wilson was a
most equitable one.

Will Destroy No Industry.
"We will concede," Mr. Underwood
said, agreeing with some of the op-
ponents of the bill, "that immediate
free sugar would put the domestic
planter out of business. But we as-
sert also that free sugar in three
years will destroy no legitimate in-
dustry."

"Those who have invested their
money in sugar lands and have plant-
ed crops will have a chance under
the plan of revision to pay their
bills and adjust themselves to new
conditions."

Mr. Broussard complains that
President Wilson's request for free
sugar in three years is not equitable.
We say the president's course in this
schedule is founded on a most equi-
table basis. This is a party measure
and I believe that most of my Demo-
cratic colleagues want to see this
schedule pass the house as it came
from the committee. Let us keep
the party united."

Is Against Immediate Free Sugar.
Mr. Underwood argued against the
Hardwick immediate free sugar
amendment to extend the free sugar
time from three to four years. His
speech was received with loud ap-
plause and cries of vote, vote.

Representative Rainey of Illinois
appealed to the caucus to stand by
the Democratic administration.
"We have been fighting Republi-
can presidents," he warned the Demo-
crats and ought not to strike a blow
at a Democratic president. President
Wilson has announced the provision
in this bill as presented, as a policy
of his administration. He has bro-
ken the icy barrier between the white
house and the house of representa-
tives that had existed for more than
a hundred years by his speech from
the clerk's desk at this house. Can
we afford as Democrats to defeat the
first policy he has announced, the
policy of a three years gradual re-
duction of the tariff on sugar.

"There is no issue of free sugar.
On this the president of the United
States and the majority of the Demo-
cratic side of this house are agreed.
We are for the bill as it stands, with-
out discussion, without division. Sug-
ar will be free. The only question
is when shall it be free, now or to
be reduced this year and next year
and then free. We ask you, by your
votes, not to defeat the administra-
tion."

RELATIVES' TESTIMONY AIDS YOUNG DEFENDANT

**TESTIFY TO PLEASANT RELATION-
SHIP OF PARENTS AND SON**

Kinsmen Have Stood Resolutely by
Youth During His Trial—Pfanschmidt's
Story Remains Unshaken
Through Cross Examination.

QUINCY, ILL., APRIL 12.—Ray
Pfanschmidt was an especially duti-
ful son, loved dearly by his parents
and sister, a son in whom the father
had particular pride and with whom
he was on terms of companionship
extraordinary even for father and
son. That is the substance of the
evidence given in behalf of Ray
Pfanschmidt today by his relatives
who have stood by him resolutely
throughout his trial. Henry Geisel,
an uncle, and Elmer Geisel, a cousin,
testified today that the relations of
parents and son were exceedingly
pleasant and that they knew nothing
of the alleged quarrels over money
and other matters. The defense did
not conclude its case this afternoon
as expected. Several more witnesses
are to be examined though it is not
believed that the defense will occupy
a great deal of time in presenting the
remainder of its case. The story of
Ray Pfanschmidt, told with such di-
rectness and every evidence of sin-
cerity, is the principal reliance of
the attorneys for the defense. His
story is simply that he was not at
the Pfanschmidt farm on either of
the two nights in question, that he
knew nothing whatever of the blood-
stained suit in the vault, that he
has never made the statements as-
cribed to him by the officers and
professional detectives. As to the
blood-stained suit which was the
state's principal evidence, he simply
states that he left the suit in his
tent Friday morning and did not see
it again until brought into court and
that it is not the suit which he wore
on the Friday night on which he
called on his fiancée, Miss Esther
Reeder, and on which the murder is
alleged to have been committed.

Testify to Boy's Grief.
Aside from Ray Pfanschmidt's
own testimony given today, the prin-
cipal evidence was that of relatives
of the defendant, who testified as to
the grief shown by the boy after the
murder. Henry Geisel and Homer
Meyer, relatives and farmers living
not far from the Pfanschmidt place,
gave their opinions today distinctly
contrary to that of all other farmers
who were called, by stating that the
tracks in the barnyard were undoubt-
edly made by a rubber tired instead
of a steel tired buggy and that an
ordinary piano box buggy could
have made the turn as well as an
undercut buggy, such as Ray Pfan-
schmidt owned.

The court adjourned at 4 o'clock
this afternoon until 9 o'clock Mon-
day morning.

With the testimony still to be given
by witnesses for the defense and
those in rebuttal by the state. It
will be probably Tuesday before the
arguments of the attorneys will be
made.

Large Crowd at Trial.

The crowd this morning was the
largest of any day of the trial. The
people of Quincy and vicinity knew
that the defendant would be on the
stand to be cross-examined by At-
torney John E. Wall and they rushed
to the court house to see and hear
the youth whose name is now fa-
miliar throughout the country. The
sheriff and his deputies locked the
doors of the court room when the
room was filled and then cleared the
corridors, hundreds of persons hav-
ing come to Quincy to attend the
trial but being disappointed com-
pletely at not being given even a
glimpse of the prisoner.

STIFFED BY GAS WITH HELP CLOSE AT HAND.

Joliet, Ill., April 12.—With com-
rade standing six feet away, Morse
Comarod died today in a stone quarry
pit. Comarod went into the pit to
open a window near which friends
were standing. They waited twenty
minutes and the window failed to
open. Investigation showed the man
had descended the bottom of the pit
and had been stifled by gas of long
accumulation. He was dead when
found.

SPORTING NOTES.

Buck Simms worked out with the
college boys yesterday. He is to re-
port April 20th at Pekin and will
try out under Jack Herbert for a po-
sition as pitcher.

Sporting Life has Jerry Akers as-
signed to the Rochester club. It is
understood that he will not play this
season, being at Mt. Sterling in the
railroad business.

ciated, "only one-third of this sav-
ing will be realized by the consumer.
That means that only one-ninth of
a cent per capita and for this the
committee is willing to annihilate an
industry."

If there had been any doubt about
the result of the fight during the
day it had disappeared after Mr. Un-
derwood had concluded his presenta-
tion of the situation and the mem-
bers were getting anxious to vote. Be-
fore Mr. Duane concluded. When
the Hardwick amendment was finally
brought up the result was over-
whelming.

FOUR KANSAS STATE PRISON BUILDINGS BURN

**FIRE LOSS AT PENITENTIARY IS ESTI-
MATED AT \$500,000**

Convicts As a Whole Preserved the
Best of Order, Hundreds of Them
Assisting in Fighting the Flames
Burned Buildings Total Loss.

LANSING, KAN., APRIL 12.—
Fire that destroyed four buildings
and caused a loss estimated at \$500,-
000 in the Kansas state penitentiary
here this afternoon was spread by
convicts who scattered burning pa-
pers in buildings not in the path of
the flames, according to a statement
by Fire Chief Michael Bahler of
Leavenworth, confirmed by prison
officials. Mr. Bahler said that sev-
eral prisoners told him of seeing
other convicts lighting bunches of
papers in the old building known as
the furniture factory. He said he
had inspected this building and saw
no fire, but some time later flames
burst from the second story windows
of the old factory. Aside from these
indications of incendiary attempts
evidences of attempted mutiny were
lacking. Prison officials made ev-
ery preparation for a mutiny and the
towns of Lansing and Leavenworth
were thrown into frenzied excite-
ment fearing an outbreak, but the
convicts as a whole, preserved the
best of order, hundreds of them
giving valuable assistance in
fighting the flames.

Their efforts largely were re-
sponsible for saving the building
occupied by woman prisoners and
criminal insane. The building was
only slightly damaged.

Excitement in Insane Ward.

The scene of the greatest excite-
ment was in the insane ward where
fifty insane convicts were confined.
Driven to a frenzy by the sight of
the flames and the heat from the fire
the prisoners screamed and with
clenched hands, beat upon the iron
bars of their rooms. They were
finally removed to another part of
the prison.

Six prisoners and one guard were
burned slightly while fighting the
fire.

Six hundred convicts who were at
their duties about the prison yard
when the fire started, were not re-
called up, but called to aid in fighting
flames. A dozen prisoners in the
boiler rooms of the power house,
stayed at their tasks, keeping up
steam and the pumps which were
the only salvation of the fire fight-
ers. The prisoners' ancient fire en-
gine was out of commission and the
pressure pumps of the water
system had to be relied upon.

The fire started when the am-
ature of a motor in the twine plant
suddenly burst into flame which
communicated to walls and floors.
Half an inch of oil soaked hemp lint
over the floors made the building
burn like tinder.

Employees Ready for Trouble.

Warden Coddling at the first
alarm armed every employee and
civilian in the prison against a
possible mutiny for the necessity of
guarding the released convicts in
the open outside the walls should it
become necessary to abandon the
prison.

Colonel Flavin of the United
States military prison in Leavenworth
sent the warden an offer of a
company of regulars should they be
needed. The offer was declined.

The burned buildings are a total
loss, as the state carries no insur-
ance on its public structures.

JOHN B. HENDERSON, FORMER U. S. SENATOR FROM MISSOURI DIES

End Comes at Hospital in Washing-
ton From a Complication of Dis-
orders.

Washington, April 12.—John
Brooks Henderson, former United
States senator from Missouri and
author of the thirteenth amendment
to the United States constitution,
died at 6:30 o'clock tonight at a hos-
pital here from a complication of dis-
orders. He was 86 years old.

Mr. Henderson served in the Mis-
souri legislature and originated
many of the railroad and banking
laws of the state. Mr. Henderson
was a Buchanan presidential elector,
a delegate to the national convention
of 1860 and a member of the Mis-
souri convention to determine the
question of secession. Later he or-
ganized a brigade of union state
troops and was appointed a brigadier
general of militia. When Trusten
Polk was expelled from the United
States senate, Mr. Henderson was
appointed to succeed him and in 1863
was elected to the senate, serving
until 1869, when he resumed law
practice in St. Louis. He received
the Republican nomination for gov-
ernor unanimously in 1872.

President Grant in 1875 appoint-
ed Mr. Henderson special United
States attorney to prosecute the
"whiskey ring" in St. Louis. He was
chairman of the Republican national
convention which nominated James
G. Blaine at Chicago in 1884.

BULLET FIRED TO FRIGHTEN IS FATAL.

Chicago, April 12.—Giving way to
a moment of irritation at the noise
caused by arguments of union and
non-union painters under his win-
dow when he wanted to sleep, Chas.
Lund, a saloon-keeper, fired a shot
to frighten away the disturbers, ac-
cording to the police. The bullet
killed Edward Paul, one of the paint-
ers, and detectives began a search
for Lund today.

SATURDAY IN CONGRESS.

Senate.

Met at noon.
President Pro Tempore Clark
presided for the first time.
Several nominations from
President Wilson received.
Bills to authorize national
banks to loan money on real-estate
introduced by Senator Nelson.

Coast-guard service to be com-
posed of the life-saving and revenue
cutter services proposed in
bill by Senator Townsend.

Primary elections for nomi-
nation presidential and vice-presi-
dential candidates proposed in
bill by Senator Cummins.

House.

Not in session.

Meets Monday.

Democratic caucus continued
to work on tariff bill.

JURY DISAGREES ON AUTO BANDIT'S FATE

**WEBB ESCAPES CONVICTION THROUGH
JURY DISAGREEMENT**

Alleged Slayer of Detective Hart
Conducted His Own Defense and
Refused to Take Stand in His
Own Behalf—Will be Placed on
Trial Again April 21.

CHICAGO, APRIL 12.—Robert
Webb, the automobile bandit leader,
who is alleged to have killed De-
tective Peter Hart here January 20,
when Hart tried to arrest him, es-
caped conviction through a jury dis-
agreement at the close of his trial
for the slaying here today. He will
be placed on trial for the slaying
here today. He will be placed on
trial again April 21.

By the disagreement Webb won
a gamble with the state's attorney in
which the stake was the bandit's
life. Webb had been offered a twenty-
five years' sentence if he would
plead guilty. He accepted, but later
withdrew the acceptance and an-
nounced that he would take a chance
with the jury.

So intense was the feeling against
the automobile bandits whose out-
rageous and murderous assaults had
terrorized the entire city, that few
thought Webb had a chance for his
life. The bandit's calculations were
correct, however, it was shown after
the trial when it became known that
at no time had the jury considered
Webb's offense as a first degree murder.

Webb practically conducted his
own defense. He refused to take the
stand despite the urging of his coun-
sel and his relatives. He declared
that he would stand on his testimony
at the coroner's inquest, which he
would only have to repeat to the
jury. He explained beyond the hear-
ing of the jury that cross-examina-
tion would bring out details of his
criminal career which would injure
him with the jury. Tribute to
Webb's skill was given by the state's
attorney's office after the trial when
they announced that it was plain
they must take an entirely different
line at the next trial if they hoped
for a conviction.

LANSBURY'S INFLAMMATORY SPEECH BEARS FRUIT

Suffragettes Attempt to Burn Ship-
cove Council Schools at Gateshead
—Militants Parade.

London, April 12.—The inflam-
matory speech made by George
Lansbury, a former member of the
house of commons, at the suffragette
meeting at Albert Hall Thursday
night, urging the militants to con-
tinue their campaign of incendiarism
and show no regard for property,
has borne fruit. An attempt was
made today to burn the Shipcove
council schools at Gateshead. In-
cendiaries entered the room in which
countrity is taught and after drench-
ing the place with kerosene, set fire to
it. The flames were quickly dis-
covered and firemen prevented their
spreading to other class rooms. The
damage was small.

Evidence that the perpetrator
were suffragettes was afforded by la-
bels scattered about the premises
inscribed:
"We burn to get votes for wom-
en." "For democracy and social
justice." "You cannot stop us by
the cat and mouse bill."

Several hundred militants, many
of them bearing black banners, pa-
raded the streets, accompanied by
two brass bands to Holloway jail,
where fourteen suffragettes are said
to be on a hunger strike. They cir-
cled twice around the jail, singing
"The March of the Women" and
cheering for their imprisoned com-
rades. The object of the demonstra-
tion was to encourage the hunger
strikers.

THREE WERE BAPTISED.

Three candidates for baptism
were immersed Saturday evening at
Grace M. E. church, by the pastor
of Brooklyn church, George E.
Belzer and Charles O. Redding
were from Brooklyn and Charles W.
Mason was from the Asbury church.

MRS. JAMES A. PATTEN ELECTED TO BOARD OF EDUCATION.

Chicago, April 12.—Mrs. James
A. Patten, wife of the multi-million-
aire grain and cotton dealer, was to-
day elected a member of the board
of education at Evanston. She ran
on a platform of opposition to high
school fraternities.

MOROS ARE REPORTED BURNING AND KILLING

**MANILA PAPERS TELL OF MORO
SIEGE OF TOWN OF JOBO**

American Soldiers Not Allowed to
Return the Moros' Fire—Thirty
U. S. Troops Lie Wounded in Hos-
pital As Result of Fighting.

SAN FRANCISCO, APRIL 12.—
Manila papers received here today
tell of the Moro siege of the town of
Jolo continuing since the latter part
of January and says that thirty
American soldiers are in the hos-
pital there, seventeen of them seri-
ously wounded. The papers say
that a strict censorship is being
maintained and it is difficult to ob-
tain accurate information regard-
ing conditions on the island.

An American civilian brought
word to Manila of the fighting. He
said officers and men were chafing
under action and they were not per-
mitted to return the Moros' fire.

A one sided battle was fought on
the night of February 25th, more
than 1,000 shots being fired into the
town by the tribesmen, he said, ac-
cording to the paper. Four Ameri-
can soldiers were wounded, none of
them seriously.

In spite of the number of men
within the walls, guard duty is so
severe that all men are on duty ev-
ery other night and the strain is
rapidly telling on them.

The cordons of stone blockhouses
which encircle the town at a dis-
tance of half a mile and which were
formerly held by American troops
have been given up and are now
occupied by the Moros. The burning
of crops and houses of friendly
Moros goes on, the friendless being
either killed or forced to join the
hostiles.

The cable office is as strictly
censored as is the postoffice, and it
is now impossible for even a civilian
to send a message upon business
matters.

To make matters more serious,
the trouble has spread to the sur-
rounding islands and marauding
bands are burning and killing on
Seminore, Tawitawi, Rongao and
Slasi.

STRIKE SITUATION IN BRUSSELS REGARDED AS EXTREMELY SERIOUS

**Socialists Announce That 500,000
Workers Will Go Out Tomorrow,
Crippling the Country.**

Brussels, April 12.—While it is
impossible to predict to what extent
the threatened general strike will
tie up industry after Monday, it is
evident now, that the situation is be-
ginning to be regarded as extremely
serious. The Socialists declared
tonight that 500,000 workers will
go out, crippling the entire country.

Steamship companies whose ves-
sels are docked at Antwerp, today
notified all agents that they would
decline to assume responsibility for
freight, beginning tonight. All mer-
chandise now enroute from the United
States will be landed at Rotterdam
or Hamburg. Twenty loads of
grains destined for Antwerp have
already been diverted to these
ports.

The Red Star Line is accepting no
freight. Farmers who supply vege-
tables have given notice that they
dare not attempt to bring in any-
thing after Monday. Those sup-
plying Brussels have requested a
police guard. One hundred canal
boat loads of potatoes which arrived
today were quickly sold. The in-
habitants are laying in provisions for
a long siege.

Employees of the municipal water
lighting and street cleaning de-
partments have been notified that
their participation in the strike will
forfeit their positions and rights to
pensions and it is hardly likely they
will join the movement.

REFUSES TO ENJOIN

ENFORCEMENT.

St. Louis, Mo., April 12.—Judge
Dyer in the federal district court
here today refused to enjoin the en-
forcement of the recent ruling of
Secretary of Agriculture Houston
that nothing may be branded as sau-
sage that contains more than two
per cent of cereals and more than
three per cent of water.

The injunction was sought by the
St. Louis Independent Packing com-
pany.

BREAKS THROUGH TRESTLE.

Vincennes, Ind., April 12.—Twenty-
five railroad laborers were in-
jured, two probably fatally, when
four cars of a gravel train broke
through a temporary trestle on the
Baltimore & Ohio railroad here this
afternoon. Ten of the men were
brought to a local hospital.

BIRTH RECORD.

Born, to Mr. and Mrs. S. Reardon
Fisher of Springfield, Mo., a son,
James Shinn Fisher. Mrs. Fisher
was formerly Miss Minnie Shinn of
Jacksonville and has many friends
here.

JOINS LAW FRATERNITY.

Chicago, April 12.—Governor Ed-
ward F. Dunne of Illinois was initi-
ated into the Phi Alpha Delta law
fraternity here tonight. He was
made an honorary member of Web-
ster chapter.

ADOPT COMMISSION FORM.

Mason City, Ia., April 12.—The
commission form of government was
adopted by a vote of 1380 to 241
here today.

JAPAN HAS MADE NO FORMAL PROTEST

**PRESIDENT AND AMBASSADOR WILL
CONFER ON CALIFORNIA'S ACTION**

Ambassador Has Told the Impression
Produced in Japan by the Unex-
pected Japanese Feeling on the
Pacific Coast.

WASHINGTON, APRIL 12.—Presi-
dent Wilson has held one confer-
ence so far with Viscount Chinda, the
Japanese ambassador, and probably
will have others in the near future,
in view of the ambassador's latest in-
structions regarding the California
alien legislation. It may be stated
on the highest authority that at no
stage of the very personal exchanges
that have been in progress has there
been anything in the nature of a
"protest" from the Japanese gov-
ernment against what has been done
in California.

The latest instructions to the am-
bassador from Tokio look only to the
continuance by the embassy of the
course it has pursued from the begin-
ning, of helping upon moral suasion
and a dignified presentation of the
unfortunate impression produced in
Japan by this unexpected re-crude-
scence of anti-Japanese feeling on the
Pacific coast.

Using Moral Suasion.

As far as can be gathered, the ad-
ministration has listened with sym-
pathetic interest to these personal re-
presentations and while without legal
authority at this moment to inter-
fere with legislation in California,
it has not hesitated to bring personal
influence to bear to bring about the
modification of such features of the
proposed legislation as threaten to
lead to unjust discrimination against
Japanese citizens. It is practically
certain that should moral suasion
fail in the California matter, resolu-
tions will take a more formal
course. This would involve an anal-
ysis of the treaty under which Japa-
nese have owned and leased property
in California. A radical difference
on this point might be expected to
lead to a formal protest from Japan,
which, in turn, if not regarded, un-
doubtedly would result in the de-
nunciation of the whole treaty of
trade and commerce. It is intimated
that California may attack the
constitutionality of the treaty on the
ground that it infringes on the rights
of the state.

Final Draft of Proposed Law.

Sacramento, Calif., April 12.—
The final draft of the proposed anti-
alien land law that is to take the
place of all bills that have been in-
troduced relating to the same sub-
ject was adopted by the senate late
today and second reading and will
come up for final passage in the up-
per house of the legislature next
Monday.

The bill provides that an alien may
acquire title to real property and
hold the same for a year. At the
expiration of that period the prop-
erty is subject to escheat to the state.
Property acquired by the devise
or descent is subject to the same lim-
itation and condition. The act pre-
scribes the same limitations for cor-
porations as for individuals.

Another section forbids the leasing
of real property to aliens for a
longer period than three years. It
also prohibits the extension of the
said period of three years.

Property may be conveyed to an-
other alien or alien corporation, to
be held for a period not exceeding
one year. But if it is shown that
such conveyance is made for the pur-
pose of evading the provisions of this
act the property then becomes sub-
ject to escheat to the state.

The property rights conveyed
through citizenship are defined in
section six, as follows:

"Nothing in this act shall apply to
any real property acquired, owned
or held by an alien who shall have
declared his intention of becoming a
citizen of the United States or to any
real property acquired, owned or held
by any corporation, the owners of
the majority stock of which have de-
clared their intention of becoming
citizens of the United States accord-
ing to law, or who shall have become
citizens."

Guarantee Treaty Rights.

An absolute guarantee of full
treaty rights to every subject of a
foreign power is contained in section
seven, which reads as follows:

"The provision of this act shall not
impair or destroy any right secured
to any alien under the provisions of
any existing treaty between the Uni-
ted States and the country of which such
alien shall be a citizen or subject."
To safeguard the constitutionality
of this act, this provision is made:

"If any section, sentence, clause
or phrase of this act is for any reason
held unconstitutional, such de-
cision shall not affect the validity of
the remaining portions of the act."

WEATHER INDICATIONS AND TEMPERATURES.

Washington, April 12.—For Illi-
nois: Fair Sunday and Monday, ris-
ing temperature, light variable winds.

Temperatures.

THE CHUBBUCK AND HAIRGROVE STATEMENTS

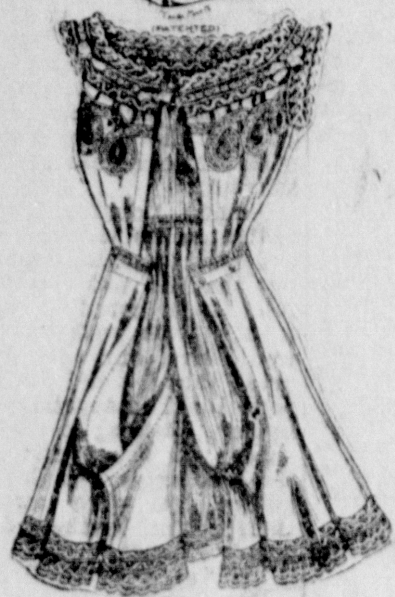

The Journal favors the adoption of the light bond ordinance at the election the coming Tuesday and has stated from day to day reasons for the opinion held. However, this paper has no quarrel with those persons who do not agree with the plan advocated and has urged all citizens to look into the matter carefully and without prejudice and then to vote in accordance with their convictions. In line with this policy the Journal prints elsewhere in this issue communications by H. E. Chubbuck, chief executive of the Illinois Traction Co., and William N. Hairgrove, to the Jacksonville Courier secured by courtesy of that paper, opposing the light bond proposition.

Smart New Styles

In Spring Waists

and Dresses

Waists and Dresses lend themselves to the display of creative ability and artistic merit, perhaps more than any other articles of appeal. To produce pleasing, slightly, harmonious, graceful styles is the work rather of artists than of mere designers. The New Waists and Dresses that we are showing for Spring are the product of firms large enough to have in their employ pre-eminent Fashion artists; men who anticipate and then create the magnificent, authentic, nationally-desired styles, such as are to be found Season after Season in our Ready-to-wear Department. This Spring's showing vastly excels the finest of their past, and of ours as well. Come here and enjoy with us this feast of beauty and of regal splendor.

Mr. Chubbuck Does Not Favor Municipal Ownership of Light Plant

(Reprinted from the Jacksonville Courier)

In its consideration of the bond issue for the municipal light plant, the Courier from the beginning has contended that further investigation should have been made as to the possibilities of securing street lighting service at a lower cost than that proposed under the city administration's new plan. The Courier is not so strong for municipal ownership of the light plant as to consider it good business for the city to pay more for lights merely for the purpose of operating its own plant. The purchase of lights is a business proposition, and the city should patronize the best market, considering price and service. The experience of Jacksonville as to service needs no comment; as to the cost, nobody knows what it has been.

The Courier has insisted that an investigation should be made to prove whether such was the fact. No one seeming inclined to make inquiries—many persons apparently fearing to be called "knockers"—it they disagreed with some of the advocates of the bond issue—the Courier undertook to obtain some information as to the cost of buying street lights from the local private company. To this end, the following letter was addressed to H. E. Chubbuck of the Illinois Traction System:

Jacksonville, Ill., April 2, 1913.
Mr. H. E. Chubbuck, General Manager
I. T. S., Peoria, Ill.

Dear Sir: What proposition will your company make for furnishing street lights in Jacksonville, similar to the system outlined in the enclosed clipping from the Courier?

On what terms will your company furnish this or a similar system of street lights in return for the three franchises you seek in Jacksonville?

If your company should secure a contract for furnishing street lights, would you equip your local plant for the work so that service could be started within a short time?

If your company should secure a contract for furnishing street lights, would Mr. Chubbuck's reply follow:

Peoria, Ill., April 10, 1913.
Jacksonville Courier Company, Jacksonville, Illinois.

Gentlemen: Answering your letter of April 2, which was received in my absence, which delayed my reply: I beg to answer your questions as follows:

Leaving the first question and answering questions 3, 4, 5 and 6: "If your company should secure a contract for furnishing street lights, would you equip your local plant for the work so that service could be started within a short time?" Yes, we would add all the machinery necessary and put the plant in first-class condition for city service immediately.

"If your company should secure a contract for furnishing street lights, would this fact have any bearing upon the rates for gas and electric light and power to private consumers?" It would have a direct bearing upon the rates for electric light and power to private consumers, as it would enable the Jacksonville company to operate its electric light and power department more economically than at the present time.

Next, "For how long a term would you require a contract for street lights?" Ten years, to justify the installation of entirely new equipment.

Answering the first question and a suggestion for your last question, I beg to give this in more detail. In reading over carefully Mr. J. F. Brennan's estimate I find that he is too low by at least \$25,000, and a careful estimate of the expense of this installation is as follows:

New addition, 55x65.....	\$ 4,000.00
Two 300 H. P. boilers, resetting	
three 100 H. P. boilers, feed	
pumps and heaters.....	9,500.00
Two Corliss engines, 18x36.....	10,000.00
Foundations for same.....	1,500.00
Two 200 KW. generators.....	7,000.00
One 200 KW. generator.....	3,500.00
180 series are lamps, erected.....	12,000.00
Cut outs, transformers, regulators,	
switch board and panels.....	9,000.00
184 boulevard lamps, erected.....	15,000.00
Total.....	\$71,500.00
Plus 10 per cent.....	7,150.00
	\$78,650.00

Mr. Brennan's figure for the above installation is \$52,663.00, or practically \$25,000 less than the above.

The operating account of expense of the municipal plant for 1912 is \$8,745.99 for the operation of 187 arc lamps, or approximately \$30.47 for each arc lamp. No account is taken of the interest and depreciation which the tax payers are obliged to pay, and assuming an investment of \$38,000.00 for the present municipal plant, a fair investment per arc lamp for distributing system and lamps of \$78.00 per lamp, and taking interest at 6 per cent and depreciation at 13 per cent, which is the general amount used by Public Service Commissions and engineers, makes the cost of each arc lamp per year \$83.63.

Now, considering the new installation. The total investment of \$78,650.00, which does not include any amount already invested (please note this), the fixed charges on the amount are \$10,617.00 per year. Assuming operating costs in exact proportion to the operating costs during the year 1912, the total investment and operating costs with the new equipment will be \$29,928.60, or the cost per lamp per installation will be \$80.70. This is assuming an installation as follows:

187 arc lamps.....	3,550
88 5-light electrolights.....	8,200
96 3-light electrolights.....	9,400
I have gone over the cost of our Jacksonville plant for the year 1912 and adding a sufficient arc lamp equipment to take care of the proposed installation and the interest charges at	

Mr. Brennan's figures for the work are as follows:

New addition.....	\$ 3,550
Two 300 H. P. boilers, etc.....	8,200
Two Corliss engines.....	9,400
Foundation.....	1,500
Two 200 KW generators.....	7,550
One 200 KW generator.....	3,775
180 arc lamps, etc.....	3,672

this fact have any bearing upon rates for gas and electric light and power to private consumers?

For how long a term would you require a contract for street lights?

If there is any other plan whereby, in your opinion, you could furnish adequate street lights to Jacksonville at a low cost, will you give details of such plan?

We seek this information for the purpose of informing the citizens of Jacksonville what different plans might be adopted. A special election will be held April 15 to vote on the question of issuing bonds for \$50,000 for rebuilding the municipal plant.

Very truly yours,
JACKSONVILLE COURIER CO.

13 1/2 per cent, we could furnish this service for \$23,625. We are willing to make a price for furnishing of 187 arc lamps at \$70.00 per year, 88 5-light electrolights at \$60.00 a year and 96 3-light electrolights at \$40.00 a year, or a total of \$22,210.00 per year.

The estimate on the municipal cost as given above is \$29,928.60, or a saving to the city per year of \$7,186.60.

Now, for the sake of argument, assuming Mr. Brennan's figures are correct, the improvements costing \$52,663.00, I find the total cost to the city for one year would be \$26,157.79, where our cost would be \$22,210.00, or a saving to the city of \$3,947.79, or almost \$4,000.00 based upon Mr. Brennan's figures alone.

This is brought about by the fact that a larger plant can be more economically operated than a small plant and we are quite sure from our experience that in actual operation Mr. Brennan's figures could not be reached in Jacksonville and the cost would be from 20 to 30 per cent more than his estimate. We, therefore, feel that without question the city would save from \$4,000.00 to \$18,000.00 per year by making a contract for their lighting.

In addition to this the service rendered by us would necessarily have to be first-class service or the city would deduct for lamps out and failures to supply a steady service. Where it was furnished by the city there would be no chance for deduction.

In the above figures you will note interest and depreciation is as much a part of the price as the cost of operation. I think every one in Jacksonville today fully appreciates this by the present condition of their plant and the poor service. If depreciation and interest had been taken into consideration the plant would have been properly maintained and there would have been no necessity for a bond issued to rebuild it, so that this depreciation and interest must be paid by the taxpayers either each year or when the plant is played out and must be renewed.

Answering your second question: "On what terms will your company furnish this or a similar system of street lights in return for the three franchises you seek in Jacksonville?" I will say we will enter into negotiations with the city of Jacksonville for new franchises, furnishing light on the above basis and will rebate to the city either in additional lights or in money \$2,000.00 per year. On franchises extending through a period of thirty years this will be paying \$60,000.00 for the franchises and the smallest saving which can be made between the price at which we will furnish the light and the price at which the city can make it would be \$120,000.00 in the difference of operating costs and the payment for the franchise of \$60,000.00, or a total saving to the city of Jacksonville in the city lighting of \$180,000.00 in thirty years.

Assuming, as we think without a doubt, that the saving will be \$8,000.00 a year, the city of Jacksonville then would save a total of \$300,000.00 in the life of the franchises for thirty years.

It is needless to dwell upon the fact that a large plant can operate more cheaply than a small plant and the operation of two public service generating stations in a city is an economic waste of money which is illustrated by this saving in thirty years of \$300,000.00.

Increasing the Jacksonville Railway and Lighting company's plant means increased taxes and income to the city of Jacksonville, but upon the city lighting plant this feature of income is lost and can properly be taken as a credit or an additional saving to the city in the purchase of their lights.

Yours truly,

H. E. Chubbuck,

Vice President Executive.

People Hard to Please

People who are anxious to reduce the high cost of living yet get the very highest possible quality—should get acquainted with us and learn our method of doing business—

One of Roberts' Bulk Values

BEECHNUT BACON

In glass jars this bacon sells at 30 or 35 cents for 8 1/2 ounces. In this way the consumer pays from 52 1/2 to 69 1/2 cents per pound for the very same bacon that we offer by the piece at 35 cents, or singly at 40 cents per pound. BEECHNUT BACON is the very choicest that is offered on the market and the fact that we can sell it to you sliced in the way that you want it and at such prices gives additional evidence of the "Bulk" value we offer.

Roberts' Coffees Have Cup Quality

The cup quality of Roberts' coffees is the very foundation of the demand we have created for them. The high quality never varies. Roberts' Coffees are sold in Bulk and at prices from 2 to 4 cents per pound less than would be charged for the same qualities in packages. Our prices are 28c, 33 1/2c, 35c, 37 1/2c, 40c and 45c.

Drugs Spring Tonics That Tone Drugs

After the winter's siege and early spring colds, prepare for an ideal summer full of hope and health. Now is the best time to take a reliable spring tonic. In our large stock you will find only reliable and pure remedies. We suggest:

ROBERTS' BEEF, WINE AND IRON.—A standard for years and ours is made right.

BURKS' SARSAPARILLA AND RED CLOVER COMPOUND.—Nature's best blood tonic, extracts from roots and herbs.

DR. HOBSON'S WINE OF COD LIVER OIL.—A malt. Adds weight and strength to the weak and run down. Best for the lungs.

All other spring tonics can be obtained here and you can depend upon their reliability and freshness.

Remember our leaders:

ROBERTS' ALMOND CREAM.

(Ideal Face Lotion.)

ROBERTS' COLD TABLETS.

(Cure in one Day.)

ROBERTS' TAR AND WILD CHERRY.

(Best for Spring Coughs.)

CHAMBER OF COMMERCE

JACKSONVILLE

ILLINOIS

NOTES & REPORTS

The board of directors held the regular monthly meeting on Tuesday, April 8th. Reports from the chairmen of the different departments showed activity of all committees. Chairman Heint reported that the first county boys contest will have the largest number of prizes of any county in the state. This is certainly an incentive for many boys to enter the contest.

The department of retail merchants will send a number of delegates to the state meeting of the Illinois Retail Merchants' association to be held in Alton April 22, 23 and 24. There are many advantages to be derived from attending these conventions and Jacksonville should send a large delegation. This department of the Chamber of Commerce is in a better position to promote the interests of the retail merchants than if they were contributing toward a separate organization. The department idea is the most efficient plan for a commercial organization. See T. M. Tomlinson if you have anything to present to the board of directors.

The secretary received recently a communication from W. B. Herbert stating that although the executive committee of the Central Illinois Teachers' association had not given a final decision, sentiment as in favor of accepting the Chamber of Commerce invitation to hold its next convention at Jacksonville. We will be able to bring other conventions to this city if we show "get up" enough to go after them.

The second noonday luncheon will be held at the Pacific hotel, Monday, Mr. Willis Evans, secretary of the Peoria Chamber of Commerce, will be the principal speaker for the occasion and take for his subject "The Need of Co-operation" between the City administration and the business men's organization.

Mr. Evans, through his active service as a newspaper man and as secretary of the Peoria organization is well versed in municipal af-

SPECIAL W. C. T. U.

CELEBRATION

Special or "Red Letter Days" Celebrated By the W. C. T. U.

Two of the red letter days of Woman's Temperance union have already passed January 3 and March 1. Mother's day, January 3, was observed with a program consisting of: Music, piano solo, Home sweet Home, variations, Mrs. Will Beaver; reading, The Hope of the Republic, Mrs. Mason; vocal solo, A Father's Lullaby, Mrs. Thomas Harber. The program for March 1, birthday of our national president, was: Reading the poem in honor of our national president, Miss Mattie Tapp; vocal solo, Miss Esther Spoonits.

Other red letter days will be:

July 4—Our national independence day. Piano—Miss Bernice Martys.

Music—Violin and piano. The Star Spangled Banner—Carl Hill.

July 21—Loyal Legion Temperance day. Women and Children First, the law of the sea. Make it the law of the land—Mrs. Nettie Pond.

Music—Vocal solo, Thy Will be Done—Miss Lena Herman.

July 31—White Ribbon Missionary day. Reading, "The Knot of White Ribbon."

Sketch of the Life of Mary Allen West—Mrs. Sarah Cocking.

Piano solo—Miss Lucile Johns.

August 3—Fresh Air Mission day. Paper subject taken from Harold B. Wright, "Their Yesterdays."

And when that happy time shall come

Of endless peace and rest.

We shall look back upon our path.

And say it was the best.

—Mrs. Lucile Smith.

Dance Wed. eve., April 16, Degen's Hall. Union music, O. H. Spaulding.

SHOPS CLOSE SUDDENLY.

C. P. & St. L. Suspends Business Without Day's Notice.

The announcement Saturday at the C. P. & St. L. shops that operations would be suspended came as a great surprise to the employees. The shut down includes all the workmen. Heretofore, when the intrenchment plan was being carried out, a portion of the men were kept at work.

No one among the local officials seem to know just what the shut down means and the action of the powers higher up came also as a surprise to them. In speaking of the matter one of them stated "that the shut down might be for only three days and again it might be for three weeks."

The cessation of work came just at a time when there was considerable work to be done and preparations were being arranged to put on a night shift. The men are hoping that the lay-off is only for a brief time and this will probably be the case.

IMPORTANT NOTICE.

25 PER CENT OFF ON ALL COATS, SUITS AND WOOL DRESSES.

J. HERMAN.

INTEREST IN ELECTION.

The election to be held in Franklin Tuesday for a president and three trustees is creating more interest than has been manifested in the village for several years. Old time politicians there prophesy that the vote will be close.

The Art of Correct Dress

Have You Seen the New
Bulgarian Silks?

To be correctly dressed this season you must give more than ordinary consideration to the embellishments of your costume. Trimmings are gorgeous, in both design and colorings, the latest accepted whim being the Bulgarian Silks. These silks come in such quaint styles and lend so charming a contrast to any dress material as to make them especially desirable.

Buttons are also given a prominent place as an embellishment, and in this article we are prepared to show you some unusually effective styles. The crystal button is one of the new ones, and when you see what a touch of smartness it imparts to the dress you will little wonder at its popularity.

The most effective usage of these
new style features are found
in Pictorial Review Fashion

The above illustration depicts a classical array of the celebrated Pictorial Review styles. Each week the demand for these patterns increases. They supply a long-felt want.

As Executor, Administrator, Guardian, Conservator,
Trustee, Etc.

It is absolutely responsible. Its large capital guarantees its fidelity. It is practically perpetual. It combines the brains, the capital, the experience and the judgment of many men of proven financial ability. It has the impersonal but dependable honesty inherent in a banking institution that is hedged about by stringent laws, and whose financial statements are frequently given the public. It must observe all of the special laws enacted for the safety of trusts.

It brings to the settlement of each estate entrusted to its care, able legal counsel, conservative business judgment, familiarity with all legal requirements and a thorough system for clerical details. It is in position to make every estate realize the utmost possible amount for beneficiaries, at the lowest cost.

The permanency, responsibility and the special facilities and resources of a trust company make it an ideal agent.

Its charges are the usual fees, and if desired can be agreed upon in advance.

The Farmers State Bank and Trust Company will draw wills free of charge, if it is named executor. If you desire your attorney to draw your will have him do so and provide that he shall attend to all legal matters relating thereto.

THE SECRET

of good dressing lies in the choice of details that impart a note of distinction. Men who buy shirts of FRANK BYRNS are assured of a line that was selected with care and knowledge of this season's styles.

DAVID ESTAQUE LOWEST

BIDDER FOR PATROL WAGON. The bids for furnishing an electric patrol wagon for Springfield were opened Thursday and David Estaque, who gave figures on the McFarland 6 and the Harder auto, was the lowest bidder on the second car named. Mr. Estaque was in Springfield the day the bids were opened. The contract will be let Monday. The bids were as follows:

McFarland 6, \$2,420; Harder Auto Co., \$2,250; Cadillac, \$2,500; Chalmers, \$2,550; White gas, \$2,370. The Harder Auto company is the same firm who will furnish the electric truck for the city of Jacksonville through Mr. Estaque.

WE ARE SHOWING THE LARGEST AND MOST COMPLETE LINE OF SUMMER DRESSES IN ALL THE NEW SILKS AND WASH MATERIALS EVER SEEN IN JACKSONVILLE. ALL REASONABLY PRICED. J. HERMAN.

TO KEEP COUNT OF PARCEL POST PACKAGES

Local Postman Must Give Figures on Packages Delivered—Stamped Envelope Factory at Dayton, Ohio Resumes Work.

The local postoffice authorities have received word that from April 14 to April 19 inclusive, an accurate account must be kept of all parcel post packages delivered from the office. The office is now distributing over 200 packages daily. The insured parcel post delivery has also greatly increased locally since the new plan was inaugurated. The government is doing this to compile figures as to cost of new system.

A. M. Dockery, third postmaster, has written about mail conditions in the flooded district. In speaking of the stamped envelope factory there he says: "The stamped envelope factory at Dayton, Ohio, which was closed for a brief time on account of the flood, has resumed operations. Railroad transportation out of Dayton is not yet normal, and some delay in filling requisitions may be expected at first, but shipments will be caught up as soon as possible."

MRS. POUNDSTONE, EXPERT CORSETIERE, WILL GIVE FREE FITTINGS AND DEMONSTRATIONS OF THE POPULAR FRONT LACED GOSARD CORSETS IN OUR STORE MONDAY, TUESDAY AND WEDNESDAY THIS WEEK. F. J. WADDELL & CO.

GAVE BIRTHDAY PARTY.

Mrs. F. H. Deters entertained a company of thirty young people at her home on South East street Friday afternoon in honor of her daughters, Lillian and Dorothy, the occasion being their birthdays. It was Lillian's ninth birthday and Dorothy's twelfth. A very pleasant afternoon was spent by the children in playing games and during the afternoon delicious refreshments were served. Mrs. Deters was assisted by her daughter, Miss Clara Deters, and niece, Miss Esther Peterson.

Among those present were: Ellen Parks, Ralph Smith, Elizabeth Brents, Beulah Slaten, Pearl Monon, Leola Spencer, Catherine Gustafson, Irene Gustafson, Dorothy and Ruth Staff, Ruth Dorwart, Edna Hobbs, Jessie Zappenfield, Vivian Skinner, Margaret Johnson, Hazel Beades, Marion Blair, Edith and Lucile Strandberg, Ruth Wilkinson.

WITH THE SICK.

George Anderton of Franklin who has been ill for some time was reported very low Saturday and not expected to live through the night. Ethel Johnson, the daughter of Mrs. John Tranbarger of Franklin is also quite ill with heart trouble and pneumonia.

See "A SCRAP OF PAPER," Belles Lettres play at Music Hall tomorrow night. Admission 35 cents.

AFTER LONG ABSENCE.

Mrs. Elizabeth Walker of St. Paul, Neb., is visiting her sister, Mrs. Martha Berry of 808 South Main street. This is her first visit here in twenty-five years and naturally she sees a great many changes.

Smoke Now Wrinkle, 5c cigar.

EDA VON LUKE.

In "Our Wives" at the Grand Monday.

"OUR WIVES."

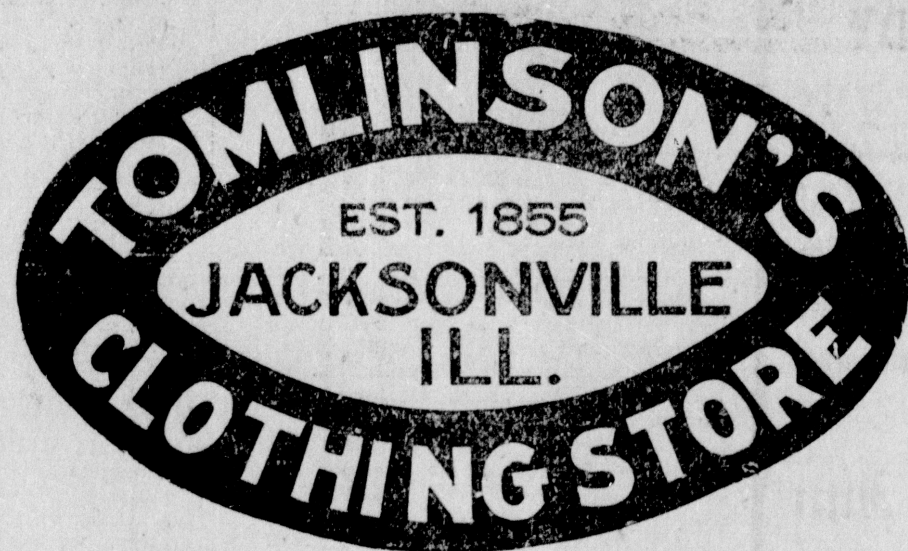

There will be an engagement of unusual importance at the Grand Monday night when "Our Wives" with Henry Kolker in the leading role, comes from a four months run at the Cort theater, Chicago, under the management of Joseph M. Gailes.

The piece, which was originally written by Ludwig Fulda, has made a tremendous success in Europe and is being played there now in seven different countries. Mr. Gailes secured the rights for this country and Canada in competition with practically every manager here and in England. It will be remembered that Kaiser Wilhelm enthusiastically called it "the best piece ever written."

The American version has been made by two new authors, Helen Kroff and Frank Mandel, who will also have plays produced by David Belasco and Charles Frehman. They have given it an American setting, retaining however, all the novelty of the piece which made it so popular abroad. The play is one of the brightest and cleanest of a decade.

MORTUARY

Creed.

Mrs. Lucy Creed, widow of William H. Creed, died at her home in Ashland Saturday at noon. Mrs. Creed had been a resident of Ashland for a number of years and is survived by one son, W. S. Creed of Prentice, one daughter, Mrs. Charles G. G. of Leabody, Kan., one sister and one brother, Ralph Headspeth of Ashland. Her husband passed away in February, 1912.

Anderson.

Nels Anderson of Winchester, died at Passavant hospital Saturday evening at 6 o'clock after an illness of more than six weeks. The deceased was 29 years of age and was to have been married to Miss Nina Heaton of Roodhouse the day that he was taken ill.

For the past five years Mr. Anderson had been in the employ of A. P. Groat as manager of one of his farms at Winchester. He is survived by his father and three sisters, Hael, Mabel, and Ruth, who reside in Missouri. He is also survived by one brother, Harry Anderson of Roodhouse. The deceased was a member of the Methodist church and was a young man held in high esteem by a wide circle of friends.

The remains were taken to the Gillham undertaking establishment and will be taken to Roodhouse this morning at 9:40 o'clock via the Chicago & Alton, where funeral services will be held.

McClure.

The funeral services of Attorney Milton McClure, who died in a hospital in Chicago, were held Friday afternoon from the family residence in Beardstown. Rev. George Williams officiating. The remains were buried in Oak Grove cemetery and the bearers were Messrs. T. K. Condit, A. E. Schmitt, F. J. Traut, Philip Kuhl, R. H. Garm and E. E. Nicholson.

Pratt.

Funeral services for Julius Franklin Pratt were held Saturday morning at 10 o'clock in Joy Prairie in the presence of a large assemblage of sorrowing relatives and friends, who gathered to pay a last tribute to one held in high esteem. The services were in charge of Rev. W. R. Butcher, pastor of the Joy Prairie church, who delivered an eloquent sermon, telling of the long and useful life of the deceased, and also speaking words of comfort to the relatives. Appropriate music was furnished by Mrs. C. F. Joy, J. P. Jordan and M. C. Matthews and the flowers, which were many and beautiful were cared for by Mrs. C. D. Joy and Miss Richards.

Interment was made in Diamond Grove cemetery and the bearers were: Edward F. Joy, C. B. Joy, C. S. Joy, L. P. Cowdin, Monte Funk and Charles Williams.

OF LOCAL INTEREST.

Examining Local Banks.—Charles Rutledge is spending Sunday at his home in Jacksonville. For the past two weeks Mr. Rutledge has been examining banks in the Chicago district and will remain in that district probably for a month longer.

Boys' Corn Club Meeting.—The first meeting of boys who have joined the corn club or who expect to join will be held at 12 o'clock noon Friday of this week. Chairman Heini of the rural affairs committee of the Chamber of Commerce arranged with Superintendent Montgomery to have this meeting at the time of the teachers' institute. Notices of the rules governing the contest and the prizes offered were sent out to every country school in the county.

Has Broken Arm.—Oral Adkins of Grove street has received information that his aged father living at Roseville recently suffered a broken arm and is seriously ill in consequence. The injured man is 83 years of age. Mrs. Adkins expected to leave for Roseville Saturday afternoon.

Are Rare Birds.—Prof. T. P. Carter has received as a gift a pair of American Black Crowned Night Herons. One was killed Friday by Guy Carter and the other Saturday by William J. Kirby. The birds are migratory and seldom found in this part of the country. They belong to the web foot family. Prof. Carter has had them mounted and will add them to his collection.

Suits Filed Saturday.—Roy Myers by his attorney, T. F. Smith has filed a suit for divorce from his wife, Vera Watkins Myers. The were married January 29, 1905 and lived together until Feb. 15, 1911 when the complainant alleges that the defendant deserted him.

Judge M. T. Layman has filed for Wemple Bros. a foreclosure suit directed against C. A. Alderson.

Acknowledgement From Ohio.—MacLee Wilson, trustee of the Ohio flood sufferers funds has sent to E. E. Crabtree, chairman of the Jacksonville relief committee acknowledgement of the receipt of \$100.

New Car Coming.—Dr. J. W. Hairgrove who has purchased a new Premier automobile from David Estaque is expecting the car in the first of the week.

Driver Thrown Out.—Frank Masters, met with a peculiar accident Saturday afternoon on Webster avenue. While driving along the buggy pole dropped down throwing the vehicle against the horses' heels. The pole caused the buggy to stop and as a result Mr. Masters was thrown out but escaped injury.

Travelers at Service.—The members of both traveling men's organizations of the city will attend services this morning in a body at Central Christian church, with a sermon by the pastor, Rev. Clyde Darsie.

All U. C. T. T. P. A. and other traveling men in the city are requested to meet at Pacific hotel and Dunlap house at 10:45 a. m. today to attend in a body the special service given for traveling men at the Central Christian church.

NORTHMINSTER CHURCH.—Northminster Presbyterian.—Sunday school and Inevitable Bible classes at 9:30 a. m. The pastor will speak morning and evening. Morning subject: "The Necessity of Co-Operation." Evening subject: "Jacksonville's Light Proposition." The Inevitable class will give a play at Armory hall next Thursday night. Christian Endeavor at 6:30 p. m. Prayer meeting Wednesday evening.

3 ONYX HOSIERY DAYS—MONDAY, TUESDAY AND WEDNESDAY—FOR WOMEN AND MEN.—35c values in Onyx Hosiery, 25c. 50c Onyx and Lisle Stockings, 3 for \$1.00. 50c Onyx pure Silk Hosiery, 3 for \$1.00. \$1.35 Onyx extra quality Silk, \$1. F. J. WAIDELL & CO.

AT McCABE CHURCH.—McCabe M. E. Church.—A. E. Miller, pastor. Sunday school at 9:30 a. m. The pastor will preach at 11 a. m. Subject: "Rooted and Planted in the Faith." Epworth league at 7 p. m. Preaching at 8 p. m. Subject: "The Power of the Gospel to Save the World." Miss Sarah Tillman of Chicago will sing. All are invited to come.

STATE WORKERS TO MEET IN BEARDSTOWN.

Sunday School Association Will Hold Three Days' Session, May 13-15—Speakers of Prominence on Program—Delegates From Morgan County.

The 55th annual convention of the Illinois Sunday School association will take place in Beardstown, May 13-15, which promises to be one of the best held in the history of the organization. Among the more notable speakers are W. C. Pearce, John L. Alexander, Dr. Franklin McElfresh, Mrs. Mary Foster Bryner and Mrs. Zillah Foster Stevens of the International committee; Rev. J. N. McDonald of Maroa; Rev. F. H. Brigham, general secretary Wisconsin Sunday School association; Rev. W. B. Morris, state secretary Baptist Sunday school work; Clarence L. DeFew, state secretary Disciples' Sunday school work; Prof. Frank Ward, Chicago; Rev. H. M. Bannen, Rockford; James. Beebe, D. D., Chicago; Rev. Herbert Prince, Chicago; Dr. W. E. Chalmers, National Educational secretary of the Baptist Bible school work. The music will be led by Prof. E. O. Excell.

Delegations From Here.—The Morgan County Sunday School association will send the following delegates to the convention: Mrs. A. Curry, Mrs. L. B. Spies, J. K. Cunningham, Rev. J. L. Coleman, F. H. Jewsbury, Caroline Johnson, Rev. P. A. Soerensen, Dr. S. D. Anderson, Elmer Meacham, Charles Patterson.

The county convention will be held in Lynnville, August 19-20. A precinct convention will be held at Murfreesboro Sunday, April 20. There will be sessions both afternoon and evening.

SEE THE MOST BEAUTIFUL LINE OF TRIMMED HATS EVER SHOWN IN JACKSONVILLE AT MAKER'S COST.—AT HERMAN'S.

FIVE GENERATIONS.

Perhaps few people realize that five generations are represented in the family of Mrs. Glivens, who reside at 326 East College avenue. Mrs. Glivens has spent almost her entire life in Jacksonville and is now 88 years of age. The lineage follows, Mrs. Julia Glivens, Mrs. Anna Ferguson, Mrs. Grace E. Large, Mrs. J. B. Harrison, Ida May Harrison, 17 months old and Annie Elizabeth Harrison, three weeks old.

See "A SCRAP OF PAPER," Belles Lettres play at Music Hall tomorrow night. Admission 35 cents.

SUFFERED BROKEN ARM.

Theodora, the little daughter of Mr. and Mrs. John McCree, had the misfortune to slip and fall off the back porch at her home Saturday and break her arm.

I hereby agree to co-operate with the Young Men's Booster club of Jacksonville and the city administration in supporting the \$50,000 bond issue so that this city might have "Good Lights."

JUSTICE COURTS.

Jacob Hamm, charged with stealing clothes from the yards of Mrs. Mary Miller and Albert Brown, was arraigned in Squire Dyer's court Saturday and in default of bond for his appearance in court April 15, he was placed in the county jail. It is said that when arrested the officers found the prisoner under the bed at his home and that when asked why he was there he replied that he always felt a little nervous when the police are around.

William Gray, charged with stealing coal from the Wabash right of way, was arrested on a warrant sworn out by Walter Simpson, local freight agent. He was placed under bond for his appearance in Squire Dyer's court April 21 at 2 o'clock.

TAKES PRECAUTION AGAINST DOG BITE.

Austin Loneragan, who was bitten by a dog several days ago, was taken to Chicago to the Pastur Institute by his father, Edward Loneragan, Saturday, as a precautionary measure. It will be remembered that Saturday a week ago Austin, who is 15 years of age, found two dogs fighting, and in trying to separate them, was viciously attacked and bitten on the right hand between the fingers. The hand was sore for a few days but the wound healed quickly. Last Thursday the dog acted peculiarly and it was thought the animal might be mad so the police authorities shot him.

Although the young man has been well, his parents and consulting physician thought it best that he be taken to Chicago, so that if there was any possible chance of poisoning he could receive treatment. The head of the dog was also taken to the Institute.

OBSERVED FIFTIETH WEDDING ANNIVERSARY.

Recently Mr. and Mrs. J. N. Sinclair of Virginia celebrated their 50th wedding anniversary. Both are natives of Morgan county and were married near Ashland, April 5, 1863. She was formerly Miss Ann E. Stout, daughter of the late Philomen Stout, Sr. With the exception of two or three years they have lived in Cass county. They have six children and eleven grandchildren.

Among those present at the celebration were Mr. and Mrs. Earl Sinclair, Jacksonville; Mr. and Mrs. Newton Sinclair, Ashland; Mrs. Ella Hurie and the Misses Stout, of Rock Creek; Mr. and Mrs. Dallas Harding, Ashland; Mrs. U. G. Maddox and children, Timewell; Mrs. Flora Davis, Clair Davis, Mr. and Mrs. J. C. Bailey, Mr. and Mrs. H. W. Sinclair, Mr. and Mrs. Philomen Stout, Mr. and Mrs. L. O. Skiles and Mrs. Martha Adams.

SPECIAL MAGAZINE demonstration Monday and Tuesday. Don't fail to come. Something good for you.

Floreth's Dry Goods Co

W. N. Hairgrove Voices Light Plant Opposition

(From Jacksonville Courier)

To the Taxpayers and Citizens of Jacksonville:

There seems to be a general "gabfest" as to the fifty-thousand dollar bond issue for street lighting, and I suppose one more will do no harm. Of course, those who are against the bond issue labor at a great disadvantage because they have been nicknamed, in advance by those who do not agree with them, as "knockers." That seems to be a happy cheap argument for the would-be self-styled "boosters." There is not much in it, for naming the baby does not make it a boy or a girl, it's just what it is any way. But if I think the better interests of the city require me to take the title I am willing to be called a "knocker."

In point of fact I have always favored municipal ownership for the city, but there is reason in all things. The city or municipality ought not to buy everything that is offered to it. It ought to buy only what is necessary for it to have and what it can afford. The municipal family is just like any other family in this respect. It ought to buy what it needs and should confine its needs to its means. The city of Jacksonville unquestionably needs light—in several ways, but we have reference especially to street lights. The next question is how to get them and get them in a way the city can afford. The present municipal plant has been operated beyond its capacity for many years and thereby its usefulness has been greatly impaired. This fact I realized several years ago and, having that in view, I accepted the office of city attorney, intending to aid in taking the excessive burden from the municipal light plant and receive in return, for the use of the streets by the street railway company, a number of are lights. The late C. W. Brown, who was one of the commissioners of the city of Jacksonville at that time, figured that the street railway company could give all-night service on fifty are lights for twenty years in return for a twenty-year franchise to the street railway, the street railway having occupied the streets of the city of Jacksonville without a franchise for some sixteen years and for such occupation the city having received nothing. After I was city attorney, and started a quo-warranto proceeding against the street railway company, it, through its officials, made an offer of thirty-five are lights for all-night service. Mr. Brown asked for seventy-five and the street railway people indicated they would furnish the "juice" for fifty.

But at that point the negotiations were broken off and the question of a percentage of gross receipts of the street railway company in return for the franchise was considered, but that failed, and now for more than a year no further substantial efforts have been made to negotiate a franchise, although the street railway company was willing to give the equivalent of \$1,500 a year to the city, yet for more than a year, with the street railway standing ready and willing to pay, it has had the use of the streets for nothing. So, it does seem that something can be had for nothing in this vicinity by some people.

Later I prepared a franchise ordinance for the gas company whereby the citizens were to have dollar gas, but the mayor said the "gas company could not afford" to sell gas for a dollar. I am sure I do not know whether they can or not, but in any event I felt it a duty, to the citizens to try and procure cheaper gas and electric lights, and, believing in municipal ownership I embodied in the franchise which I drew, an option at the end of twenty years for the city to take over the plants at their physical value with not exceeding 10 per cent added for overhead charges, etc. But the city council of the city at that time seemed not to favor municipal ownership of public utilities, but spoke in the most derogatory and insulting terms of the proposition, and, in fact, made it so unpleasant for me that I resigned the office of city attorney. More than a month before retiring from office I tried to get the city council to come to me in the franchise matters with the public utilities and on Feb. 21, 1913, I wrote to the mayor the following letter:

Hon. G. W. Davis, Mayor,
Jacksonville, Ill.

Dear Sirs:

"I find that you left with the stenographer in my office a copy of two franchise ordinances, an electric ordinance and a gas franchise ordinance, and also a new ordinance for the Jacksonville Street Railway Company. None of these ordinances were prepared by me.

"I accepted the position that I hold by your appointment, having in view the settlement of these public utility matters, and I have spent almost three months in the preparation of a gas franchise ordinance. I spent practically one month in the preparation of a street railway ordinance. These are now being abandoned by the city administration. I do not approve of either

of the franchise ordinances which have been left at my office. They are such ordinances as are drawn by those especially interested in procuring public properties for personal profits and do not protect the interests of the public. I suppose these were drawn and submitted by the corporation or through the corporation that expects to have special rights to the public property.

"I have only this to say that if the officers of the city of Jacksonville wish to have the assistance of the attorney for the public utilities companies and to accept their ordinances in preference to those drawn by me, then in my judgment it would be better to put the attorney of the public utilities on the pay roll and take me off. If I am not to have charge of the franchise ordinances, and if the ordinances that I draw for the city of Jacksonville are not to receive consideration then my work is of no benefit to the city of Jacksonville, and it is unnecessary for me to do the work. I have worked faithfully in the preparation of franchise ordinances and to have my work thrown aside and the people's rights unprotected is very unpleasant to me. If this is going to be done I am perfectly willing to resign my position and let you have another person act as city attorney. If I act as city attorney I expect to act for the interests of the city and I do not propose to have some attorney accepted over me who is to work for the public utilities. If my work is to be refused and theirs accepted, please advise me and I will tender you my resignation.

Very respectfully

Wm. N. Hairgrove,

To this letter I received no reply and no member of the council spoke to me about it except Mr. William Newman, who said the mayor showed him the letter and asked him what he thought of it and Mr. Newman said in reply that he thought I was right about the matter, to which the mayor did not assent. Then, later, when Mr. Chubbuck, representing the public utilities company, and his attorney were present at the council and I stated my position and objections to the franchise tendered, Mr. Knollenberg made some very complimentary remarks as to my position, to which the mayor assented, shortly after which time I resigned.

If the city council of the city of Jacksonville, as a body, favor municipal ownership of public utilities they failed to show it while I was city attorney in their relations with me and in their dealings with the public utilities company.

We all want more street lights. The private utility companies of the city of Jacksonville are in need of franchises. We do not need to raise the rates on gas, street railway or electric power to get more and better lights for the city of Jacksonville than it has had in fifteen years without any additional

cost to the people, or, at least, that is my judgment. Mr. Henry Rodgers, who has had seventeen years of active experience as owner and operator of an electric light plant lighting a municipality says that the proposed improvement for which \$50,000 in bonds are proposed to be issued would furnish three times the power necessary for the lighting anticipated, and, that with an outlay of less than \$15,000 on the present system sufficient power and improved lights could be furnished. Mr. Gause tells me that Mr. Rodgers is mistaken and that he, Mr. Gause, has built a number of electric light plants. Possibly the fact that he has built several light plants causes him to be somewhat enthusiastic in wishing to have bonds issued to have one built by the city of Jacksonville. He says he does not intend to bid on this proposed plant, but it is more than probable that the people who bid will have him do the work as he is an experienced man and on the ground. In any event, I have a great deal of confidence in Mr. Rodgers' judgment in the matter.

An electric light plant to light the streets only, is dead capital. It brings no income. The cost of producing the present city lights, not counting investment or depreciation of plant, exceeds eight thousand dollars a year. To operate a larger plant surely will not cost less. If we could procure city light in return for the franchise desired by the public utilities company we could save the city this eight thousand dollars a year and this fifty thousand dollars and interest for twenty years, which would be a saving to the city of over two hundred thousand dollars. A city can not go into the mercantile business and sell power under the statutes of this state. Gov. Duane favors such powers being given to cities, and I favor it, but it is not a law, and bills for this power have been offered in the legislature repeatedly during the last twenty years and have always failed to pass.

We have the water question settled apparently, for the time being, but we do not know that the river water company will be able to furnish water to the city of Jacksonville. In fact, many intelligent people do not believe the pipe line, as it is now constructed, will sustain the pressure on it to carry the water to this city from the plant in the river bottom. If the pipe line will not stand the pressure I feel sure that the water company will not put in a cast or wrought pipe line at the expense of two hundred and fifty thousand dollars to furnish water to this city. And then the city of Jacksonville, if this fifty thousand dollar bond issue is had, will be left once more to face the conditions of bad or no water with no credit whereby to improve, repair or enlarge their water system. The city can spend all its money for lights and then be left without water. It is a good thing to

have a nicely lighted city, but it is an absolute necessity to have water, and the city should not be left to face such a condition insolvent and without credit.

I know the "boosters" are saying we should sell our hammers and buy whistles, but I notice the man with the hammer accomplishes more for the good of the community than the man with the whistle. These tin-horn boys are not bringing much to the community—mere noise and excitement. You can not buy anything with hot air. It takes real money with which to do business. I know of good citizens and prominent business men who have large property holdings in this city who do not favor the bond issue and who say that "it does not look right" to them, but because opposition brands a man as a "knocker" they have been compelled to signed endorsements. Some of the most active "pushers" are chickens who are not yet brayed under the wings and who do not know the people or the conditions of his vicinity.

If a small vote is cast on the 15th the bonds will carry, because the people who are personally interested in having the bonds carry are going to the polls and tell their friends to the polls. In my judgment they will procure at least one thousand people to vote for the bonds. If only fifteen hundred votes are cast on next Tuesday the bonds will carry two to one. If three thousand votes are cast on next Tuesday the bonds will be beaten two to one. So, if the tax payers and people who think more of the welfare of the city of Jacksonville than they do of "noise," will go to the polls, the bonds will be defeated. If they do not go to the polls they can rest assured that the other fellows will vote the bonds for them. There may be a time soon when the city of Jacksonville will really need to issue bonds, but do not get in a hurry to spend your money. You will find the parties ready to take it at any date, so do not get "rushed." If you are afraid to be called a "knocker" just keep your mouth shut and go to the polls. The best interests of Jacksonville demand that the fifty thousand dollars of bonds should not be issued at this time. The officials of the city of Jacksonville should negotiate with the owners of the present public utilities and settle the franchise matters and get something for the people in return for the benefits that such companies are enjoying. In point of fact, local light plants are properties of more or less doubtful value, for the reason that it is easier and less expensive to transport electricity over a wire than it is to ship coal to this city to produce power to generate the electricity. No citizen of Jacksonville, even if he had a million dollars of idle money, would think of putting fifty thousand dollars of it into an electric light plant where he could sell power to nobody except this municipality; and yet that is the very thing that you are being called up-

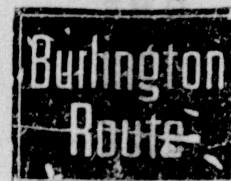

Summer Board in Colorado Very Moderate Charges

"I'd like to go to Colorado," said a man the other day, "but it costs so much to live there that I'm afraid I—"

"Forget it," said his friend who had spent a month last summer seeing the show-places of the Wonder-State. "I had the same idea myself last year until I got that folder the Burlington gets up telling the hotel rates. And I was mightily surprised to find that, besides the hotels, which are as elaborate as you please, there are hundreds of good, clean, wholesome ranch houses in Colorado, where the rates are as low as \$8.00 a week, and they give you mighty good fare."

That folder is published by the Burlington Railroad to show folks how they can enjoy a vacation in Colorado at a very reasonable expense. And I'd like to mail you a copy of it—free. It tells all about the country, gives a complete list of hotels and boarding houses, addresses, rates, conveniences, elevation and nearby attractions.

Let me send these and if you wish I can tell you all about the trains and cost of railway tickets to the most wonderfully charming country in America.

E. F. MITCHELL,
Ticket Agent, Burlington Route.

on to put up the fifty thousand dollars

such payments. The former administration had some expense that this administration does not have. For instance, over twenty-seven thousand dollars for the Widener-Danah well; over thirty-four hundred dollars for auditing the city's books, and many thousand dollars for intersections in pavements and part of all concrete walks built—whereas this administration has paid no part of the pavements or sidewalks, which means indeed a great curtailing of expense, and a considerable added burden to the property holders. If this administration had had the same expense, in the items named, as the former administration, its condition on May 1 would be worse than the old administration because the expense of management has exceeded the former expense of management by about five thousand dollars in salaries each year.

I am not "knocking" the commission form of government, for I believe in it, and voted for it. Any form of government to be successful largely depends upon the efforts of the public officials. Without competent and efficient public officials any form of government can not be very successful.

I, for one, believing that I am voting for the best interests of the city of Jacksonville, shall vote against this bond issue at this time.

Respectfully,
WILLIAM N. HAIRGROVE.

GRAND—OPERA—HOUSE

Monday, April 14th

Joseph M. Gaites Presents that Bright New Human Nature Comedy

"OUR WIVES"

With Henry Kolker and the Original New York and Chicago Cast.

Dramatic League Endorse "Our Wives"

The play committee of the Jacksonville Center of the Drama League cordially commends to the attention of its members and patrons of the Opera House the delightful comedy, "Our Wives," booked for Monday. "Our Wives" is a very entertaining play, well acted by Henry Kolker and his cast. It is a mixture of comedy and farce, with bright, even clever lines. It holds the attention as a good entertainment should, and affords an evening of good wholesome fun, with amusing situations and many laughs.

A Guaranteed Production

I take great pleasure in offering to the people of Jacksonville "Our Wives." It is just closing an unusually successful Chicago run and Jacksonville will be one of the favored few one-night stands visited. This will be the last big attraction of the season and has my unequivocal guarantee and endorsement.

H. L. HUNT

"Our Wives Prices" - - 25c to \$1.50

Isabel McGregor.

BY RICHARD HENRY LITTLE.
(From Chicago Examiner.)

Among all the multitudinous openings of this busy week one of the best shows of all slipped into town wearing sneak shoes and is tucked away at the court theater waiting to be discovered. Let us discover it right away, for it is as bright, new and refreshing as the dew on the rose on a morning in June.

"Our Wives" is the name of the play, with that easy mannered, highly finished actor, Henry Kolker, as the star, and a winsome young woman, Pamela Gaythorne, an artist to her finger tips, as second in command.

"Our Wives" is an intimate little play that shows us human nature as faithfully as a camera does a landscape.

Henry Kolker and Pamela Gaythorne.

KOLKER SCORES IN NEW COMEDY
(From Peoria Journal.)

Peoria's "400" gave Henry Kolker in "Our Wives" an enthusiastic reception last night in the first performance of an engagement that ends with tonight at the Majestic. In the boxes and through a very very considerable portion of the well filled house were leaders in society and at no time were they slow to show their appreciation of the rare presentation offered by the Majestic management.

"Our Wives" is a delightfully humorous little comedy which is clean, wholesome, mirthful, but without presenting a lesson that the audience was quick to grasp.

Your Spring Garments

With the approach of spring, your thoughts turn toward your spring wardrobe.

Let us assist in solving the problem of its preparation, by dry cleaning and pressing your slightly worn garments and making them fit for wear again this season.

Gowns and wraps that have been remade, are given the finishing touch that really makes them like new, by this service.

And remember, that this service, continued during the season, keeps your garments, new or remade, looking fresh, clean, neat and attractive.

PHONES 204

Representatives of the Jacksonville Railway and Light Company say they can save the city hundreds of thousands of dollars in street lighting in return for three franchises, electric, gas and street railway.

Why not vote bonds for our own electric lighting system and demand of the company that they give all our people the advantage of these hundreds of thousands in the way of:

- Reduced street car fares.
- Reduced gas rates.
- Reduced electric light rates for our homes.
- For every citizen of Jacksonville.
- If they can afford to pay hundreds of thousands for these franchises they can afford to let us cook with gas, have electric lights and ride on their street cars at greatly reduced rates.

Even the first year the light bond interest would be just \$2,500 and that's the sum the city is now paying the Jacksonville Light Company for lighting the city buildings, library, park and schools.

Congress is to be asked for an appropriation of two million dollars for the flood sufferers. They contributed two and a half millions to the earthquake sufferers in San Francisco. The losses by flood cover greater territory and the total monetary loss is larger than in that disastrous shake up.

Joseph Bruckman, a German American aeronaut, is to attempt to fly across the Atlantic in a dirigible balloon, accompanied by two assistants, and expects to make the journey in the air from six to eight days. They will run the motors alternate, fourteen hours a day and drift with the trade winds at night, at a height of five or six hundred feet.

It has been suggested that the way to bring the British suffragettes to their senses and to better behavior would be to deprive them of the sweet publicity they are getting through the newspaper reports of their incendiarism. Many of them love the lime light, the notoriety, even more than they love "the cause."

THAT IS CONCLUSIVE.

That the Boosters may yet not be "dry under the wings" is proof that they have not yet sampled all that is bad in this life as yet. Proof that their ideals may be higher and cleaner and better than many who have been burned dry in the battle of life. Proof that they are better able to see the needs of a clean city than those whose faith in human nature has suffered many a bump and disappointment, and are today lacking in faith all that makes life worth living. Jacksonville needs these Boosters, their enthusiasm. Would you rather send your boys to their cities, away from home or endeavor to make this a living and help make this a city, or listen to the talk of a man who "knows all the galls" when he advises you to vote against the issue of bonds?

CANADIANS DELIGHTED.

Canadians are much pleased with the tariff bill now pending in congress, finding in it complete vindication of their course in fighting the Taft-Laurier treaty. Many Morgan county farmers aided in the defeat of Taft because they believed its provisions would work a hardship to them, and to administer a rebuke to the Republicans for even advocating such a proposition, but it is not likely that they figured on what now confronts them. The present Democratic program lets in Canadian products free, but keeps up Canadian bars against the United States.

"Canada," says a Montreal publication, "has obtained all she was offered in the original Taft reciprocity plan without any concessions or loss of independence of her fiscal policy. This new tariff means millions of dollars to us in Canada, big increase in new industries, larger markets for our food products, for all of which we are profoundly grateful."

HAIRGROVE OPPOSES.

W. N. Hairgrove opposes the bond issue in a lengthy article in the Courier. Hairgrove is a good lawyer and has a great desire to secure all the benefits possible for the city in certain proposed franchises. But he is not a diplomat. He has a hammer, and is proud of it. He is a little inclined to use it too promiscuously. Mr. Hairgrove, as a part of his argument against the bonds, says:

I know the "boosters" are saying we should sell our hammers and buy whistles. But I notice the man with the hammer accomplishes more for the good of the community than the man with the whistle. These tin horn boys are not bringing much to the community—more noise and excitement. You can not buy anything with hot air. It takes real money with which to do business. I know of good citizens and prominent business men who have large property holdings in this city who do not favor the bond issue and who say that "it does not look right" to them, but because opposition brands a man as a "knocker" they have been compelled to sign endorsements. Some of the most active "pushers" are chickens who are not dry under the wings and who do not know the people or the conditions of this vicinity.

CHINCH BUGS.

Warning has been issued that chinch bugs, that great enemy to our corn crop, may be expected to reach us this year in formidable numbers. It would be well for our Morgan county farmers to study methods of fighting the bug—an ounce of prevention may be worth a pound of cure.

The field assistants of the state entomologist, Dr. S. A. Forbes, of the University of Illinois, reports that chinch bugs present in their winter quarters in sufficient numbers to threaten a severe infestation of farm crops in 1913.

southwestern Illinois counties during the coming year. The area dangerously infested at the present time extends as far north as Sangamon, Morgan and Adams counties, south to Washington county, and east to include western half of Marion county. The bugs will spread to uncertain distances when they come out of their winter quarters and scatter on the wing in search of food plants and places in which to lay their eggs. A considerable extension of this area in various directions is thus quite possible.

Field operations of the last season prove that it is entirely practicable to prevent the chinch bug's escape from fields of wheat at harvest time, by the use of the road oil line and post hole traps, at an average cost of five dollars per mile of the barrier. It was also shown that chinch bugs can be killed by spraying infested plants either with a soap solution containing three ounces of soap to the gallon of water, or, still better, with a mixture of three ounces of kerosene and an ounce of soap to the gallon of water. Portable automatic sprayers were used in applying these mixtures and solutions in corn fields, with the best results.

Measures are being taken to organize the counties threatened, for co-operative work against the chinch bug and to supply materials at cost, according to plans found successful in several counties last year.

IN LINCOLN'S DAY.

Many young men of today think that the country was prompt to accept Abraham Lincoln, and to esteem him as man and as a statesman. Political denunciations at that date was most bitter, and even in Illinois, even in Morgan county and in Jacksonville, as well as the entire country, there were many who could not find words expressive enough to voice the detestation of Mr. Lincoln. Wendell Phillips Holmes issued a pamphlet against him, headed "Abraham Lincoln, the Slave Hound of Illinois." Horace Greeley, in the Chicago convention, steadily voted against him and for Bates of Missouri. Carl Schurz swung the Wisconsin delegation against him and in favor of Seward, and it was an open secret then that Seward went into the cabinet because he thought Lincoln was such a nonentity that he would be the real president. In order to give our readers an idea of the state of public opinion, the following is a part of a leading editorial in the New York Herald on the work of the Republicans in selecting Lincoln:

"The Republican convention at Chicago has nominated Abraham Lincoln of Illinois for president of the United States—a third rate western lawyer, poorer even than poor Pierce. The conduct of the Republican party in this nomination is a remarkable indication of a small intellect growing smaller. They pass over Seward, Chase and Banks, who are statesmen and able men, and they take a fourth rate lecturer, who cannot speak good grammar, and who, to raise the wind, delivers his hackneyed, illiterate compositions at \$200 a piece. Our readers will recollect that this Democratic politician visited New York two years ago, months ago on his financial tour, when in return for the most unmitigated trash, interlarded with coarse and clumsy jokes, he filled his pockets with dollars coined out of Republican fanaticism."

There are wide differences of opinion not only regarding President Lincoln himself, but as to his administration, and the conduct of the war. Fifty years have brought great changes of opinion, and there are many who would deny today sentiments uttered back at that time. The Democracy of Morgan county, in convention assembled, adopted a resolution fifty years ago, that reads almost like a declaration of war. After a long preamble declaring a willingness to save the country in their own way, the resolution concludes, "But they will at every peril maintain the right to canvass all acts of

the administration, condemn all measures they believe to be wrong, and whenever this right by brute force is attempted to be wrested from them, they will consider it their bounden duty to resist all such attempts, peacefully if they can, forcibly if they must."

FRANCHISE OR BONDS?

The Courier recently addressed a letter to H. E. Chubbuck of the Illinois traction system. The traction system own the Jacksonville Railway, Gas and Electric Light Co. and are asking franchises for the three concerns from the people of this city. Mr. Chubbuck says:

"I have gone over the cost of our Jacksonville plant for the year 1912 and adding the above basis and will rebate the city either in additional lights or in money \$2,000 per light. On franchises extending through a period of thirty years this will be paying \$60,000.00 for the franchises and the smallest saving which can be made between the price at which we will furnish the light and the price at which the city can make it would be \$120,000.00 in the difference of operating costs and the payment for the franchise of \$60,000 or a total saving to the city of Jacksonville in the city lighting of \$180,000.00 in thirty years."

"Assuming, as we think without a doubt, that the saving will be \$8,000.00 a year, the city of Jacksonville then would save a total of \$300,000.00 in the life of the franchises for thirty years."

"It is needless to dwell upon the fact that a large plant can operate more cheaply than a small plant and the operation of two public service generating stations in a city is an economic waste of money which is illustrated by this saving in thirty years of \$300,000."

Mr. Chubbuck may have had a scheme in his mind to defeat the proposed bond issue, but we will give him the benefit of the doubt, and assume that he does not propose to interfere with local questions to that extent. The franchises are not a subject of discussion at the present time—they are not to be voted on next Tuesday. But we might propose that the company he represents give the people of Jacksonville the benefit of the hundreds of thousands of dollars that he offers to save and give to us, in thirty years, in exchange for franchises, reduced rates. Let every citizen, individually in on the saving.

Give him cheaper gas. Give him electric lights cheaper. Let him ride on the street cars cheaper.

The greatest good to the greatest number is the motto of the Boosters—it is a good one.

Vote for the bond issue and let all the people have the benefit of the thousands of dollars the Chubbuck companies avow their willingness to pay for franchises.

WHAT SHALL IT BE?

Jacksonville is a dry town. Licensed saloons were voted out nearly six years ago. During those years the Journal has received requests for an opinion as to how the no-license plan affected business and the gener-

al commercial prosperity of the city. Many in other towns and cities are interested. "You have had five years under the local option law. Is the city prospering, and public improvements advancing?" is asked.

What shall the answer be?

Shall it be that every proposition advanced by the city commission has been turned down?

Shall it be that nearly every improvement advocated by our board of education has been defeated? Shall it be that we have had hardly a mile of street paving constructed in that time?

Shall it be, that with our streets in darkness the greater part of the time, dry Jacksonville refused to vote for an issue of bonds to enable us to properly light our streets?

Shall it be that when the people fail to vote down a proposition for municipal and educational betterment, injunction proceedings are threatened, and even the threat operates to prevent the erection of a much needed school building?

My but we are dry.

And the Journal endeavored to do its share in making the town dry. But it does not propose to put arguments, strong reasons, into the hands of the wet element by opposing improvements necessary to the welfare of the town, because of a plea that it costs too much.

It does not propose to lend strength to that oft-repeated cry that you cannot accomplish anything, needed or otherwise, in a dry town.

The Journal does not propose, at the present time, to aid the campaign this fall in favor of a return to license system, by acknowledging that local option people of Jacksonville are unwilling to pay a little additional tax for necessities, and to keep the town dry.

That will be the deduction in case you vote against the issue of \$50,000 in bonds to enable the commission to continue and improve our system of street lighting.

Schoenfeld built the present plant without issuing bonds. "Yes," the reply will be, "you had saloons then, paying licenses amounting to \$25,000 annually. Vote saloons in again, then you can have lights."

Did not the people who voted against saloons and against "profiting by the wages of sin" in the shape of license fees, recognize and acknowledge the fact that they must take on some additional burdens, and did they not express a willingness to accept those burdens? That \$25,000 was a loss in revenue, acknowledged. Are we too close and penurious to meet obligations, after we have secured our desire, a dry town?

If so, there is a certainty that it will be used as one of the strongest arguments this fall in favor of a return to licensed saloons.

What shall the answer be?

But, it may be said, we sustained the commission in the agreement they made with the Jacksonville Water company. We will admit it. That is one instance. But it was only when the company was on the verge of complete failure, and a hard bargain was driven, taking advantage of the other fellow through their misfortunes. It did not cost you one cent.

What shall the answer be?

It lies with the voters of the dry city of Jacksonville, and your answer next Tuesday will be awaited anxiously by many who desire a return to the "wet" regime.

Do you believe it is wise to furnish them campaign material?

QUICK RELIEF

FOR RHEUMATISM.

George W. Koop, Lawton, Mich., says: "Dr. Detchon's Relief for Rheumatism has given my wife wonderful benefit for rheumatism. She could not lift hand or foot, had to be lifted for two months. She began to use of the remedy and improved rapidly. On Monday she could not move and on Wednesday she got up, dressed herself and walked out for breakfast." Sold by L. P. Alcott, druggist.

WOMAN'S COLLEGE.

Mrs. Hartmann's recital, which was given last Monday night, was a success in every way. She had a splendid audience, and her selection of songs was very comprehensive.

Friday evening the expression department presented two very clever plays, programs of which appeared in last week's notes.

Next Monday night the Belles Lettres play, "A Scrap of Paper," will be given. Each society always presents a very strong cast, and those who are planning to come will not be disappointed in the entertainment.

Saturday the Lambda Alpha Mu holds its first annual candy sale.

On Thursday evening, April 17th there will be a public music students recital, to which all friends of the students and all interested in the college are invited.

On the 18th will occur the essay contest, which is open to all Sophomores and Juniors. The prizes in this contest are worth striving for and quite a number will participate. This contest is made possible by the Wesley Mathers memorial fund.

On Saturday night, April 19th, will occur the Freshman stunt, the proceeds of which will be applied on a fund the Freshmen are raising for the endowment.

Applications are being received at the college for seats for Dr. Steiner's lecture, although the seats will not be on sale until the first or second of May. If any wish to speak for tickets, word can be left at the college office. A great many Jacksonville people have read Dr. Steiner's books, and are naturally anxious to hear him.

Friday the college council had a students' meeting at the regular chapel hour. The athletic association was presented to the young women at that time. In behalf of the faculty, Miss Neville announced that a valuable trophy would be presented to the winner of the tennis championship. This trophy is to be handed down from year to year, and will always remain at the college. The name of the winner of each year's championship will be engraved thereon. The athletic association gives promise of being one of the most active of college organizations. The officers elected at the meeting Friday were: Miss Feril Hess, president; Miss Helen Moore, secretary and treasurer.

President Harker has just received notification of his appointment by Governor Dunne to be a delegate to the fourth American Peace Congress, to be held at St. Louis, Mo., May 1st to 3d, 1913.

NEWTON GIRL

Pale, Run-down, Anemic—Restored to Health By Vinol.

Miss Katherine Burns of Newton, Mass., says: About six months ago I was in a run-down condition and my blood was very poor. I had taken several medicines prescribed by physicians, but they seemed to do me no good. Finally Vinol was recommended, and from the first bottle I noticed a great improvement. I have taken six bottles and I feel strong and as well as ever."—Katherine Burns.

Vinol is the greatest body builder and strength creator we know of—the curative elements of the cod's liver, aided, by the blood-making, strengthening properties of tonic iron contained in Vinol, restore the lacking ingredients to the blood, and the result is health, strength and vigor.

If you need building up try a bottle of Vinol with the understanding that your money will be returned if it does not help you. Lee P. Alcott, Druggist, Jacksonville, Ill.

P. S.—If you have Eczema try our Sazo Salve. We guarantee it.

SPORTING NEWS

CUBS TAKE LOSERS' END WHITE SOX SWAMP IN GAME WITH CARDINALS CLEVELAND 13 TO 3

ARE UNABLE TO OVERCOME ST. LOUIS' EARLY LEAD.

Cards Secure Total of Ten Hits Off Delivery of Lavender, Smith and Cheney—Evers Receives Chest of Silver.

CHICAGO, APRIL 12.—The belated game of the Chicago National league baseball season here took place today, when Chicago lost to St. Louis 5 to 3.

St. Louis jumped into the lead when a base on balls, a sacrifice, a double and single netted two runs. Two more runs were scored in the fifth, when the visitors bunched hits. The final run resulted from a pass, a stolen base and a single. The locals played an uphill game, but could not overtake the visitors.

The usual opening ceremonies attended the opening. A brass band paraded around the field followed by players of both teams. A chest of silverware and several floral pieces were presented to Manager Evers, the gifts of his admirers. The presentation speech was made by the mayor.

ATHLETICS TAKE HARD FOUGHT BATTLE FROM BOSTON RED SOX

Both Teams Make Four Tallies in First Inning—Philadelphia Secured Winning Run in the Third.

BOSTON, APRIL 12.—Philadelphia defeated Boston 5 to 4 this afternoon. In the first inning poor pitching by Bedient and some timely batting by the visitors enabled them to score four runs. Then Coombs and Pennock in the box permitted the champions to tie-up the score in their half. Philadelphia secured what proved to be the winning run in the third inning.

NAP PITCHERS WERE WILD AND INEFFECTIVE BEFORE SOX BATSMEN.

Cleveland Used Three Batters in the Seven Inning Game But They All Looked Alike to the White Sox Who Scored Almost at Will.

CLEVELAND, O., APRIL 12.—Cleveland pitchers were wild and ineffective today and Chicago scored almost at will, winning 13 to 3.

Stein who replaced Mitchell in the fifth with the bases full in the fourth allowed hits which resulted in five runs while, Glavenich, a California recruit, who finished the game, gave Chicago chances to score five more.

Seven Chicago players were given first base on balls. The game was called in the seventh to enable Chicago to catch a train for St. Louis. Score:

GOSSIP OF THE GAME

Must have made Huggins smile from ear to ear to take that game right from under Bresnahan's nose. Big splurge in the way of presentation gifts, speeches and a lot more foldover usually works to the disadvantage to the home team. So it proved in this case. But at that the Cards deserved the victory as they plainly outplayed the Evers aggregation. Johnny's troubles are just beginning. Wait til the team loses a few in a row and then watch Mr. Murphy.

Neither Coombs nor Bedient is in shape yet, which accounts for the poor showing both made in yesterday's game. Wonder if Stahl has concluded to make a change from the bench? What was Janvrin doing on the bag? Two hits, nine put outs and one assist looks pretty good for a youngster. His record yesterday was as good as Speaker's, which is going some.

Will you take notice how Stunk is playing the game this year. If he can hold the pace he'll be in line for a Chalmers next fall.

It would be interesting to know just how the Athletics scored that winning run. Three bases on balls off Leonard doubtless had something to do with it. A base on balls to one of those Philles is as good as a base hit any day.

Mayor Harrison stepped into the limelight alongside President Wilson long enough to tell Evers what the fans expected of him this season. Mr. Harrison was something of a player in his younger days. President Wilson was a player in his college days and by the way, so was Secretary Bryan. He played on the Illinois college teams in the late seventies, though it was as umpire that his services were most in demand. After he started practicing law he occasionally wielded the willow. In one game here between the lawyers and bankers about '88 he broke up the game by his great hitting.

The Cubs used three pitchers in their efforts to stave off defeat. Lavender seems to have fared worst. Note that Sheppard played his first game as a Card and got a hit. He will be of value to the Mound City gang as he can line 'em out.

The Sox got there with a vengeance. But the hammers are already out in Cleveland. The rooters there are almost as bad as those in Cincinnati. This latter bunch is the prize anvil chorus of the world. They have put more good players on the blink than can be farde worst. Note that Sheppard played his first game as a Card and got a hit. He will be of value to the Mound City gang as he can line 'em out.

defeats and bonehead work. It will make for attendance, which is welcome at any stage of the game.

Umpire Brennan has invented a contraption to prevent irate catchers of the Bresnahan-Doolin-Myers type from treading on their toes. It is made of heavy wire and slips on over the toe of the shoe. Wonder why it wasn't thought of before? A pair of spikes coming down under the weight of 200 pounds right up on the Tibby's is no joke, as many an ump can testify.

Jerry Akers is with Rochester, N. Y., this season. Moran and Melon are out on the coast. Berte is to manage Kerney, Neb., again and Patrick, Gray and Ohearn will doubtless be with him. Hughes is with the Kitty league, Jackson, Tenn. Beaver, a youngster who once played at the I. S. D., is to pitch for Harrisburg in that league. That's about as far as we know of the whereabouts of former Jacksonville players. Of the present generation, Simms, the well known pitcher, may be given a chance in the I-M. league, where he ought to make good. We believe he has the making of a real artist if he will conclude to go about it right.

The Illinois college team has been getting in some good practice in spite of the wet weather. And also in spite of the absence of Coach Harmon and Manager Russell. They will play their schedule with Wesleyan this week. There is some pretty good stuff out on the hill, but most of it is in need of development. These games should draw well, as they will furnish about the only chance the fans will have to see the real thing until the Eagles start soaring. Of course the high school and school for the Deaf teams are to be counted in. The latter team is being greatly handicapped in its training by the unavoidable delay in getting the hand-some new athletic field under way. Various drawbacks have presented themselves and the work has not yet started. By fall is should be the finest in the city. Superintendent Gillett has had it carefully surveyed and is very much interested in seeing that his boys have the best of everything in the way of a diamond.

Bone-setter Reese of Youngstown, Ohio, gave it as his opinion that the injury to Wagner's knee is not of a serious nature and that the kind of short stuns will soon be able to resume work, which is good news. The great German is one of the real stars of all time.

McGraw has announced that he will carry Thorpe through the season. In spite of his rawness, Mac believes that the Indian will yet develop into a real player. Remember his patience with Marquard. John J. seldom makes a mistake in sizing up raw material.

The weather should settle into something half way agreeable by tomorrow and then we shall see some real contest. An innovation at the Washington game was the sale of hot coffee in place of "coco-cola right off the tee!" It sold! you'd better believe.

THE TEMPERATURES.

The temperatures for Saturday, according to G. H. Hall, weather observer at Alexandria, were: maximum 42, minimum 35. A rainfall of .10 inches was recorded.

Miss Nellie O'Brien of Franklin was shopping in the city yesterday.

The Reasons Why You

Should Buy Your Piano or Player-piano from me

- 1st. I will sell better pianos than you can buy elsewhere, which is the most essential reason.
- 2nd. Being at small expense enables me to sell at about one-half the profit you pay elsewhere.
- 3d. I am building up an honest business for myself here and need your support.

OUTLOOK PROMISING FOR LUTHER McCARTY

CONCEDED TO BE MOST PROMISING WHITE HEAVY WEIGHT MATERIAL DEVELOPED IN LAST FEW YEARS.

Corbett Asserts However that in the Hands of Capable Instructor and Trainer Luther Would Stand a Better Chance in the Future than in the Hands of the Present Financial Manager.

(By Jas. J. Corbett, Former Heavy-Weight Champion of the World). I was reading the other day where Billy McCarty had me "on the pan," it appears that he has taken exception to certain things that have appeared in this column pertaining to Luther McCarty.

While it makes very little difference one way or the other what McCarty says or does, I am at a loss to understand why he makes me the "patsy" when there is scarcely a sporting writer of any note in the country who hasn't severely criticized the so-called "heavy-weight champion."

As for anything that has appeared in this column—well, I'll leave it to you, reader, if I have been unfair in my attitude towards McCarty. The fact is I've been rather lenient and unusually mild in handling Luther, much more so than his stand since beating Palzer calls for. True, I recently did question his courage and business acumen in turning down a \$10,000 guarantee to meet Bombardier Wells, and have referred several times to his disinclination to box Jess Willard, but outside of an occasional mild stricture of the sort have been inclined to boost the youngster.

For the benefit of those who do not know I wish to state that Billy McCarty is McCarty's manager. With no desire to give McCarty any free advertising, I feel it a duty to my readers to enlighten them on that point for future reference. For McCarty evidently thinks he is of some importance in the world of pugilism albeit his name was unknown outside the circle of his intimate friends before McCarty placed his right fist in juxtaposition to the jaw of Carl Morris about a year ago. Luther became famous in a night, and McCarty became an important person at the same time—in his own estimation.

Billy McCarty is like the majority of fight managers. When their charges win a few battles they swell with importance. To hear most of them tell it they, and not the fighters, are entitled to the praise and applause of the public. And when they get hold of a few thousand dollars there is no holding them. They jump from the port and lean and free lunch room to the state known to the select as "nigger rich" is all too sudden and has the effect of turning their heads.

That's about enough for Mr. McCarty and I hope my readers will forgive me for wasting so much valuable space on the gentleman.

As for Luther McCarty, that young man looks like the most promising heavy weight material developed in the last few years. He has the "makings" of a great fighter. The beatings he administered to Al Kaufman, Jim Flynn and Al Palzer stamped him as a youth of great promise in the hands of a capable instructor and trainer, a man who would devote more time and attention to teaching him the finer points of the game than to the financial end of it. I would not hesitate to predict a brilliant future for the house of McCarty. At that he may become champion some day in spite of the fact that McCarty is of little help to him in that direction.

I have nothing against Luther. I would like to see him win the heavy-weight championship. That's the worst luck I wish the young man. At the same time I believe he is making a mistake in tying himself up for fights with a bunch of second-raters and avoiding the boxers who have qualified to meet him. He appeared publicly in New York recently and possibly the frigid reception he met may help to convince him that his methods do not meet with the approval of the fans.

Nobody who follows boxing is more anxious to see a white fighter at the head of pugilism than I. I would do anything in my power to help the cause along, and without hope of personal gain. For instance, I would gladly take McCarty down to my place in the country this summer and give him the benefit of the knowledge of boxing and the experience gained in years of service in the ring. Without boasting, I believe I could teach Luther, or any other heavy-weight of today, a few important things about the game he is ignorant of. My fighting days are passed, but I still retain the knowledge of the science of boxing and could impart valuable pointers to an ambitious and intelligent boxer of McCarty's stamp.

The average manager is of little or no help to a young and ambitious boxer. It may be the proper thing to employ a man to look after the finances when a fighter has annexed a championship, but until that time what needed more than anything else is someone who can teach him something about the game. To win a championship a fighter must keep improving all the time, and it takes years to develop a man good enough to win the heavy-weight title. It means hard work and plenty of it. The system of reaching out after all the easy coin in sight is all right as far as it goes, but if the manager with a likely prospect in tow could discover that the money to be made during the campaign for the title is insignificant compared with the possibilities once the goal has been reached.

McCarty is an excellent prospect. That lets him out. He may be good enough to lick Willard and the "Gun-

boat," and again he may not. The public would like to know what he can do with these men before putting its stamp of approval on his championship pretensions. Fighting Jim Flynn and Carl Morris again, both of whom he has decisively beaten, will not tend to increase his popularity.

I hope the report is true that McCarty is to meet "Gunboat" Smith at Madison Square Garden next month. Since the latter beat Wells and one or two preliminary scrappers local scribers are touting him as a wonder. There is no denying that "G. B." has one peach of a wallop. Anytime he connects with that right hand swing it means down and out for the other fellow. But it must be remembered that McCarty is a different proposition from anyone the former sailor has yet run across.

Smith is about the easiest thing to hit of any of the heavies. He doesn't know how to get out of the way of a straight left lead, and it puzzles me how a fellow like Wells failed to jab him into ribbons. It must be there is something in the story that the Bombardier is a victim of stage fright, to put it mildly. There is no other way of explaining his miserable showing in the Smith match.

The "Gunboat's" greatest asset is his deadly right. Apparently he is game enough, although never put to a severe test in his local battles. It is quite likely that McCarty with his superior height and reach would bother Smith a great deal. It looks that way surely enough, but with these amateurish boxers nowadays you never can tell. To a clever man Smith's swings look easy enough to avoid, and yet there is the case of Bombardier who unquestionably has it on the others in the matter of science.

If the match takes place and the result is decisive one way or the other, the winner could take on Jess Willard for the "white" heavy-weight championship. If McCarty should win both these encounters there would be some justice to his claim of "white" champion, but he will have to dispose of the pair before the claim is allowed. At that the title is an empty honor. Jack Johnson is still champion—very still at present, but nevertheless the champion of the world.

It will take more than ten rounds to prove whether Joe Rivers or Leach Cross is the better fighter. I use the term fighter advisedly as neither boy has anything to brag about in the matter of science.

At best the bout the other night was what might be called a "lively" session. It did not satisfy the fans who like the clever stuff, for the reason that the fancy stunts were missing, and it did not please the element which favors the rough and tumble, bloody-murder style of battle because there was not a single knock-down and neither man was bugged up to any extent.

My suggestion to the principals is to remove this quarrel to some locality where they permit the twenty round affairs. Both San Francisco and Los Angeles promoters would bid liberally for the match, and it would prove one of the best drawing cards that could be framed from the light-weight division. I am inclined to the opinion that a longer battle would result in Rivers' favor. Cross is a ten round bear, but his only important start over a distance was a sorry failure.

Jas. J. Corbett.

ADMINISTRATOR'S NOTICE.

Estate of Annie J. Richardson, deceased. The undersigned having been appointed administrators of the estate of Annie J. Richardson, late of the county of Morgan and state of Illinois, hereby give notice that he will appear before the county court of Morgan county, at the court house in Jacksonville, at the June term, on the first Monday in June, next, at which time all persons having claims against said estate are notified and requested to attend for the purpose of having the same adjusted.

All persons indebted to said estate are requested to make immediate payment to the undersigned. Dated this 29th day of March, A. D., 1913.

WIRELESS FOR CANAL ZONE.

Washington, D. C., April 12.—Bids were opened at the navy department today for the construction of the towers and buildings for the great wireless plant which the government purposes to erect in the canal zone. The plant will be a duplicate of the one recently completed at Arlington. It will be located on the San Pablo site, at the station of Calmito, on the relocated line of the Panama railroad, about midway between the terminals. There will be three 600 foot steel towers and the station will be equipped with a 100 kilowatt radio set. It is calculated that the new station should be able to communicate easily with similar high power stations to be erected by the navy in the Hawaiian Islands, Samoa, Guam and in the Philippines.

HOLD IMMIGRATION CONGRESS.

San Francisco, April 12.—All arrangements are complete for the meeting of the Pacific Coast Immigration congress, which is to be held in this city on Monday and Tuesday of next week. The primary purpose of the congress will be to consider the humanitarian phases of the large immigration movement expected to follow the completion of the Panama canal. The gathering will be attended by the governors and other official representatives of all the Pacific coast states.

BERLIN'S ANTI-NOISE CRUSADE

Berlin, April 12.—Residents and sojourners in the German capital heretofore have found it difficult enough to go about their everyday business without violating some of the thousand and one municipal laws and regulations but this difficulty is likely to be increased several fold by the batch of new police regulations that are to come into force tomorrow. These regula-

tions were drawn up with the evident purpose of making the streets quieter and cleaner. They include the following:

No whistling, singing, shouting or loud talking of any kind likely to endanger the quiet of the streets is to be permitted; no paper, remains of fruit, cigars and cigarettes may be thrown into the streets; the dragging of women's dresses is prohibited. Persons with umbrellas or

cane must not carry or swing them in any manner likely to imperil the safety of passers-by, and, finally, no windows or doors of houses, flats, shops, or restaurants in which music is being played may be kept open.

CATHOLICS CELEBRATE.

Augusta, Ga., April 12.—Impressive religious services are to be held

in St. Patrick's church in this city tomorrow in celebration of the fiftieth anniversary of the consecration of the church and the centennial of the establishment of Catholicity in Augusta. The celebration will open with a solemn pontifical mass, at which Bishop Kelley of Savannah will be the celebrant. Bishop O'Connell of Richmond will

Walking Typhoid May be Your Trouble.

Why Drag Along, Worn to the Bone When You Can be Robust, Happy and Full of Life.

With your blood full of catarrhal infection, nerves all unstrung, blood impoverished, headaches, lassitude, pellagra, hookworm, tape worm, chills and fever or some other debilitating influence, the very foundation of health is being sapped away by spring humors.

S. S. S. is a Wonder. It Makes You Look and Feel the Picture of Real Health.

Half the people you meet complain of weary muscles, stagnant brain, jangled nerves, and a mournful desire to lay down and just quit. Most of these people have been using nervines that spasmod-

ically flare up the nerves only to die down again, as die they must. Avoid nerve stimulants. Bear in mind that this worn out feeling is due to poor blood, to bacteria in the water you drink; to the multiplying of destructive germs in the blood faster than they can be overcome by the white corpuscles; and to what is known as auto-toxemia, that condition where the venous or impure blood accumulates faster than it can be replaced by the red arterial blood.

If you feel played out or experience the peculiar sensations of gas and tenderness in the bowels, go to any drug store and ask for a bottle of S. S. S. Swift's Sure Specific. Here is a remedy that gets at work in a twinkling; it just naturally rushes right into your blood, scatters germs right and left, up and down and sideways.

You feel better at once, not from a stimulant, not from the action of drugs, but from the rational effect of a natural medicine just as active and just as timely as to a man who has been lost in the mountains, is about starved and comes across a settler just cooking a savory meal of good honest beef. Do not neglect to get a bottle of S. S. S. today. It will make you feel better in just a few minutes. It is prepared only in the laboratory of The Swift Specific Co., 127 Swift Bldg., Atlanta, Ga. Send for their free book telling of the many strange conditions that afflict the human family by reason of impoverished blood.

Wife of Lawyer Gibson Helps Him Prepare For New Murder Trial.

Mrs. Burton W. Gibson, wife of the New York lawyer who is accused of having murdered his client, Mrs. Rosina Mepschik Szabo, is devoting all her time and energy to strengthening the defense to be presented by Gibson at his second trial, which will take place in May. At the first trial, which took place last November at Goshen, N. Y., it was alleged that Gibson in order to obtain Mrs. Szabo's \$10,000, murdered her by strangling while they were rowing on Greenwood lake July 16 and threw her body into the lake. The jury, after deliberating fifteen hours, failed to agree. Mrs. Gibson was one of her husband's most steadfast supporters during the trial, and in spite of the allegations against him her allegiance never has faltered.

MARSHALL ADDRESSED DEMOCRATIC CLUB

VICE-PRESIDENT TALKS OF
WEALTH AND SPECIAL PRIVILEGES.

Says That Temper of the People is
Such That They Will no Longer
Brook Oppression—Points to
Election Results as Indicating
Popular Feeling.

New York, April 12.—Vice-president Marshall served warning, tonight on men of vast wealth and on "special privilege" that the temper of the American people had reached a point where it no longer would brook oppression. He told the members of the National Democratic club that the spirit of unrest was such that unless reckoned with the institutions of the government might be jeopardized and the country revert to paternalism or turn to socialism.

"Current opinion holds, justly or unjustly," he said, "that the welfare of the people of this country depends not a little upon the conduct of certain men in this city of New York. I have concluded, therefore, to 'beard the lion in his den' in the hope that he may hear. 'Present advantage shuts our eyes to the permanency of our institutions. Not what we are nor what we stand for but what we can make has come to be the measure of governmental duty and individual conduct. And yet, despite this theory of life, Carl Marx and hunger and a longing for happiness are abroad in the land. They are sitting as unknown guests at every frugal meal. They are perturbing the waking hours and coloring the dreams of millions of Americans who, after all, have the right to say what shall or shall not be."

SWOLLEN FORTUNES.

The vice-president declared his warning was the result of observation of conditions in twenty-seven northern states during the recent presidential campaign. Swollen fortunes and accumulation of great wealth through governmental privileges granted, he held, had much to do with the discontent.

"Along with general prosperity has come a marvelous piling-up of colossal private fortunes. Notwithstanding charges against me that I have freely assailed the possessors of these fortunes, I know in my own heart that such a view of my public utterances is a mistaken one. My assaults, if I have made any, have not been directed at the possessors of the fortunes but at the principles of government which contribute, directly or indirectly, to the accumulation of fortunes. The piling-up of colossal fortunes, supplemented by a general diffusion of knowledge, has made large bodies of people restive.

"The desire of the people is for greater equality of opportunity and enjoyment. More and more, men are coming to the belief that socialism alone will open up and guarantee this equality. If I were the possessor of a vast and growing fortune and had made up my mind that the government should continue to help me make it grow, or if I were a social-

ist, I would frown down upon the educational system of America.

POVERTY VS. PLENTY.

"Have backward-looking and inward-looking men ever stopped to consider what might happen to them here in the great state of New York if those who have not should take it into their heads to make common cause against those who have? They talk about vested rights and in their talks assume they have both an inherent and constitutional right to pass their property down from generation to generation until some reckless descendant shall have dissipated it. Suppose a governor and a general assembly in the state of New York should repeal the statute of descent for real and personal property and the statute with reference to the making of wills, on their death how much vested interest would any relative have in the property which fell from their nerveless hands at the hour of dissolution? The right to inherit and right to devise are neither inherent nor constitutional but upon the contrary, they are simply privileges given by the state to its citizens.

STUDYING THE RETURNS.

"Let backward-looking and inward-looking men read the returns of the last election. Let them put on masks, get down into the east side and hear what people are saying about them. Let them not close their eyes and dream that what has been, forever will be. All that a man hath will he give for this life and he is not wise who, having plenty, risks it all to get a little more.

"The belief that there is an unequal distribution of wealth in this country has been supplemented by the belief that much of it has been obtained through special privilege, that it did not come by labor, skill, industry, barter or trade, but through watered stocks and bonds, through corners on commodities, through corruption of legislatures, through the sale of impure foodstuffs, through wrecking railroads, through all the devices known to man whereby the law is not abrogated but chloroformed."

ASSAILED THE TARIFF.

Mr. Marshall assailed the protective tariff as one of the principal causes for concentration of wealth and declared that the protection of commodities had resulted in "free trade in conscience."

"Let those who started," he said, "and are keeping up this theory of special privilege which finds its root, its sap and vigor in prohibitive duties, believe me when I say that a change has come across the spirit of the republic. Be not deceived. Our justice is ceasing to be perpendicular and is beginning to be horizontal. Men are refusing longer to look up that favors may be handed down to them and are beginning to look around to see how mutual benefits may come to them. Wake up, my brother; be contented with that which thou hast gotten. Yield a little that thou mayst save much."

"The backward-looking and inward-looking men may be able temporarily to check the onward movement of the forward-looking men, but if they do it will be an unwise interference and may result either in a paternalistic system of government which can only endure upon bases of ignorance and serfdom or in a socialistic system which will destroy both the opportunity and the desire of the man to exercise in the fullest capacity his natural and acquired endowments."

Mr. Marshall called on his hearers to support President Wilson in his policies

Overland Model 71 F

The New Cowl Dash Car

One of our most popular 1913 models is our Cowl dash touring car. This is one of the season's "six best sellers." Wherever it has been shown it has met with immediate approval. The graceful Cowl adds a touch of completeness and finish to the body, which distinguishes and separates it from the average run of cars.

Our allotment of Cowl dash touring cars is very limited. We would advise you to have an immediate demonstration so that if you do not want your car at once, you can book your order for delivery when you are ready for it.

This, like all Overland cars, costs you 20 per cent less than any other car manufactured. If we built less than 40,000 cars a year, this model would cost you just that much more.

A Call Will Be Appreciated.

DRAMA LEAGUE ANNOUNCEMENT.

The education committee of the Drama League announces two series of informal talks on dramatic subjects. Mr. Quigley, of Ross college, will give a general survey of the Irish playwrights during two evenings. Dr. R. H. Tanner of Illinois college and Miss Mary Johnson, of the Woman's college, will give a series of five talks on the classic drama. Both of these subjects will be of interest to Drama League members, to students in the high school and the colleges, to teachers, and to clubwomen who have undertaken in their organizations the study of modern drama. The series on the classic drama is finally in view of the announcement that the Coburn players will present Euripides Electra here on May 22th.

These talks will be given at the public library, promptly at 8 o'clock and will close at 9 o'clock and will be open to the public without admission fee.

The program follows:
April 15, Tuesday—Mr. Quigley, General survey of the Irish playwrights with special reference to Lynce and Yeats.
April 17, Thursday—Mr. Quigley, Lady Gregory and the minor dramatists.

April 21, Monday—Dr. Tanner, Origin of the drama.
April 23, Tuesday—Dr. Tanner, The Greek drama.
May 5, Monday—Miss Johnston, Roman comedy, Plautus.
May 13, Tuesday—Miss Johnston, Roman comedy, Terence.
May 20, Tuesday—Dr. Tanner, Euripides Electra.

NOTICE.

Our work began April 1. By making your schedule the first time the assessor comes to see you, you can help to keep down the expense of the county. If you are called on the second time your schedule is cost twice as much as it ought to be. Many men we have to call on the third time in order to get a schedule. Make your schedule when the assessor comes.

Jerry Cox,
Assessor-Treasurer.

CONSERVATORY NOTES.

A song recital will be given by Mr. and Mrs. Ridgely Hudson of Springfield, on Friday evening, April 18th, at 8 o'clock in Recital hall. Mrs. Mary Jordan Tiffany will act as accompanist. A special rate of admission will be made for students of the conservatory.

Mr. Munger's piano recital in Springfield on last Thursday afternoon was most successful, a large and enthusiastic audience being gathered. He was obliged to respond to four encores.
Mr. Kritch, Mr. Munger and Miss Jerauld expect to be in St. Louis on Thursday, April 17th and will attend the opera there that evening.
Karl Hill played a violin solo at the meeting of the Philological society on Friday evening, April 11th.

IN MEMORY OF GREAT COMMONER.

Lexington, Ky. April 12—The one hundredth and thirty-sixth birthday anniversary of Henry Clay, the famous Kentucky statesman, was celebrated today with interesting exercises conducted under the auspices of the Lincoln school of this city. The address of the day was delivered by Henry Clay, a great great grandson of the statesman.

VIEWS OF MEREDOSIA FLOOD DISTRICT

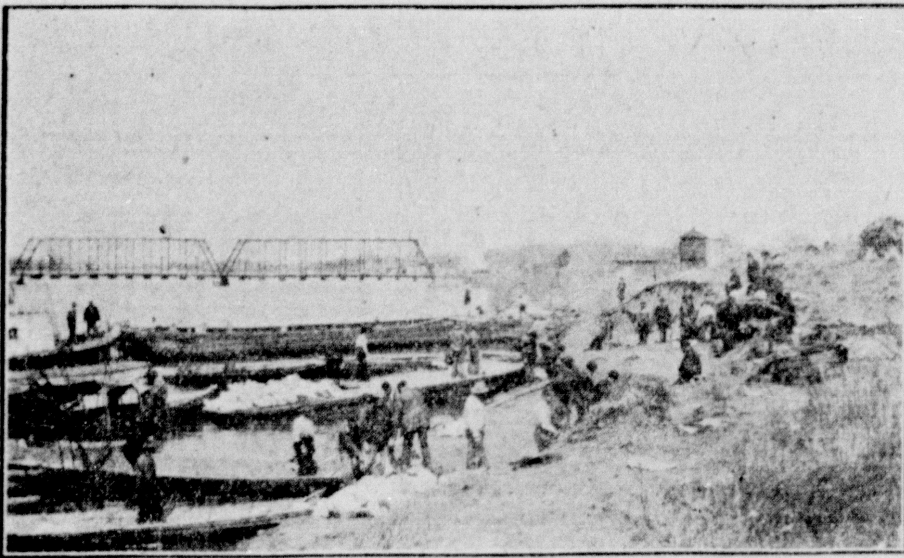

HEADQUARTERS OF CO. B, NEAR WABASH STATION

Left to right—Capt. L. P. Owen of Co. B, Fire Chief James Wood of Jacksonville and Private Theodore Ainsman of Co. B.

Ten large army field tents have been stretched in a row at this place which furnish quarters for Co. B, of Jacksonville, and Co. M, of Champaign, which returned home Saturday morning. North of this line of tents and on a sidetrack of the railroad, box cars have been placed at the disposal of the militia. One of them is used by Col. Wood and Capt. Kilbourn, regimental adjutant, and two as mess cars for two of the companies. The camp of Co. F, of Quincy, is located directly north of the Wabash passenger station, which can be seen in the background.

FILLING SAND BAGS AND LOADING BARGES

At this point, which is just south of the Wabash bridge, the sand is dug out of the bank of the river, put into large wheelbarrows and loaded on the barges. The greater part of this work is done by laborers hired by the commissioners of the drainage district, and when the barges are filled they man them, proceed to the weak spots in the levee where the bags are placed.

NATIONAL GUARDSMEN PATROLLING LEVEE

A patrol of guardsmen consists of one corporal and two privates. They report to Col. Wood at the time assigned, and he instructs them as to what their duties are to be. They are cautioned to watch for weak spots in the levee, not only on top, but also on the side, where the waters seep through. While the water coming through levee is clear, no alarm is felt, but when it becomes muddy, they are instructed to report the matter as quickly as possible so that the structure can be strengthened.

PLACING SAND BAGS ON THE M'GHEE LEVEE

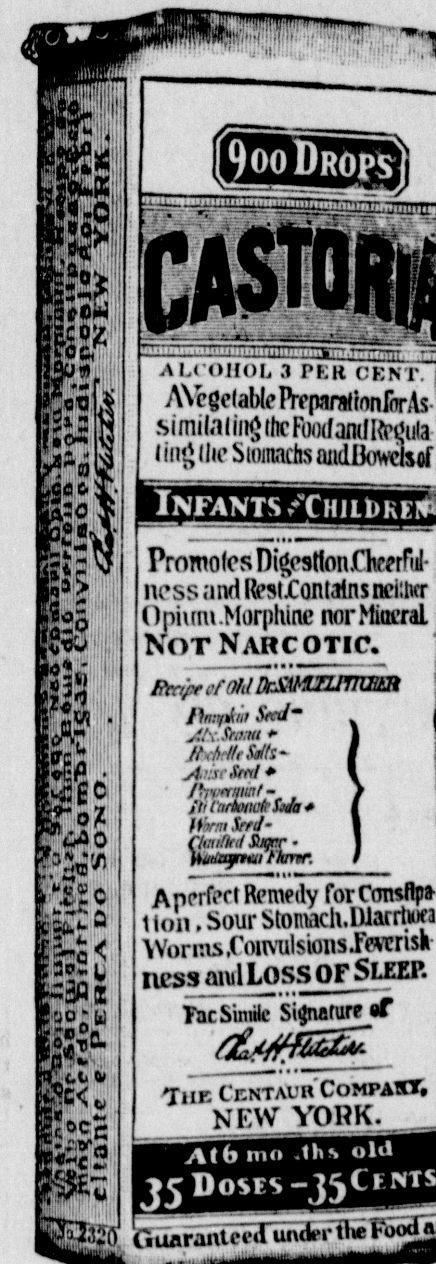

The above photograph was taken at a point about five miles north of Meredosia on the McGhee levee, where the dike is considered weakest. The men are shown transferring the sandbags from the barge to the levee. These bags are not placed on top of the dike, but on the river side so that the waves in washing up on the dike will not carry the dirt away. The picture shows part of a stretch of the levee that is covered with sandbags for a distance of more than three hundred yards.

BROOKLYN SING AND SPELL.
Thursday evening, April 17, there will be a singing and spelling contest between the men and women of Brooklyn Sunday school and vicinity. There will be chorus singing, quartets, etc., by both sides, ending in a rousing song by both sides together. Judges will decide which side beats. After the singing an old fashioned spelling match will take place between the same sides. The rules are:
1—The men and boys vs. women and girls.
2—Only one trial of a word.
3—"Spell down" three times; "best two out of three wins."
4—No undue urging of any present to participate. A bronze liberty bell given to each one standing up last in each "bout."
Come and sing or spell, or do both. No admission fee.
Miss Rose Fitzgerald has resigned her position in the office at Miller Bros. store and has accepted the position of bookkeeper at Passavant hospital.

U. G. WOODMAN & CO.

NEWS FORECAST FOR THE COMING WEEK.

Washington, D. C., April 12.—Men of prominence in many parts of the country will gather in New York Monday to attend the funeral of J. Pierpont Morgan. The funeral services are to take place in St. George's church, Stuyvesant Square. Following the services a special train will carry the funeral party to Hartford, Conn., where the body of the late financier will be placed alongside those of his parents and his first wife.

Monday is expected to witness the inauguration of a general strike in Belgium as a result of the order recently issued by the Labor party of that country. The chief issue at stake is the demand of the working classes for the adoption of universal suffrage and the abolition of the present system of plural voting.

Tuesday will be the first anniversary of the sinking of the steamship Titanic, by which 1,500 persons, including many men and women of world-wide prominence, lost their lives. The anniversary will be observed with memorial exercises in London, New York and other cities. The first formal dinner by the president and Mrs. Wilson will be given at the white house Wednesday evening in honor of the members of the cabinet.

A special election will be held Tuesday in the thirteenth congressional district of Massachusetts to choose a successor to John W. Weeks who resigned his seat in the house to accept election to the senate. Interest in the contest has been increased by the fact that tariff revision has been made the leading issue. Candidates have been named by the Democratic, Republican and Progressive parties.

Special elections are to be held Tuesday in Jersey City, Hoboken and several other cities of New Jersey to decide the question of adopting the commission form of municipal government. If Jersey City adopts the plan it will be the largest municipality in the east to do so.

The history of the art of printing will be told in the exhibits of the National Printing, Publishing, Advertising and Allied Trades exposition, which will be opened in the Grand Central Palace in New York Saturday and continued through the succeeding week.

How to make rural life popular will be the greatest problem discussed by the sixteenth conference for education in the south, which will meet in Richmond, Va., Tuesday for a session of three days. Later in the week experts on the subject of taxation from all the southern states will meet in the same city to discuss the matter of taxation, the best method for getting an equal distribution of the burdens and the proper proportion to be borne by the cities and counties independent of the state.

Other gatherings of the week will include the annual continental conference of the Daughters of the American Revolution, to be held in Washington, D. C.; the Pacific Coast immigration congress, which will meet in San Francisco, and the annual convention of the Inland Empire Teachers' association, which will be held in Spokane.

LADY BEATRICE CECIL A BRIDE

London, April 12.—Society gathered in full force today at Westminster Abbey for the wedding of Lady Beatrice Cecil, who is intimately related to no fewer than half a dozen of England's greatest families, and Hon. William George Ormsby-Gore, son of the third Baron Harlech and member of parliament for the Denbigh district. The marriage ceremony was performed by the Archbishop of Canterbury.

Banquet Last Night

Did You Eat too Much, Drink too Much, Smoke too Much?

It takes a mighty good stomach to feel ready for breakfast the morning after the banquet or social session. "What do you want for breakfast?" Inquired Brown's good wife. "Just a pleasant smile and a breath of fresh air," answered Brown the morning after an important meeting.

If you eat, smoke or drink too much, remember that two little MI-O-NA Stomach Tablets taken just before you go to bed will stop fermentation and leave you with a sweet, clean stomach and clear head in the morning.

For indigestion and all stomach distress MI-O-NA is the best prescription in the world. Large box 50 cents. Coover & Shreve guarantees it. For trial treatment write Booth's MI-O-NA Buffalo, N. Y.

CHURCH SERVICES.

Central Christian—Clyde Barsie, minister. Bible school at 9:30 a. m. C. L. Mathis, superintendent. Y. P. S. C. E. prayer meeting at 6:30 p. m. At the 10:45 a. m. service the traveling men of the city will attend in a body. At 7:30 the sermon subject will be "Truth Triumphant."

MORE EFFICIENT LIBRARIES. Donaldsonville, La., April 12.—The Louisiana Library association held its annual meeting here today with a good attendance. Methods whereby the public libraries may be made of more service to the general public formed the chief subject of discussion.

TO AID FLOOD RELIEF FUND. Baltimore, April 12.—Liberty order of Cardinal Gibbons, collections in aid of flood sufferers in the middle west will be taken tomorrow in all the Catholic churches in the Baltimore diocese.

ILLINOIS COLLEGE NOTES.

Miss Mary Gold of Flint, Michigan, spoke to the students at the chapel exercises Friday morning on the subject of "Suffrage." Miss Gould is opposed to the present movement for woman's suffrage.

Illinois college has been invited to send two judges to the Tazewell county athletic meet, which is to be held at Delavan, on Friday, May 9th.

Professor Isabel S. Smith has found it necessary to resign from her position as a member of the campus improvement committee. Mr. Charles C. Capps has been appointed to take the place of Professor Smith on this committee. Several hundred shrubs have recently been received and are being planted on the campus under the supervision of the committee. A large portion of the shrubs set out were donated by L. E. Jagelwitz & Sons, Co. of Monroe, Michigan.

Professor J. G. Ames of the English department, went to Barry Friday to act as judge in the oratorical contest.

Mrs. G. S. Phypers, mother of Mrs. R. H. Tanner, has returned to her home in Cleveland after an extended visit with Professor and Mrs. R. H. Tanner.

Professor R. H. Tanner went to Indianapolis Thursday, to attend a meeting of the Classical association of the middle west and south.

FROM FOUNDRY TO PULPIT.

New York, April 12.—The Rev. Dr. William H. Morgan until recently pastor of the Central Methodist Episcopal church in Newark, will tomorrow preach his first sermon as pastor of Calvary Methodist Episcopal church in this city, which is the largest Methodist congregation under one roof in the world. Dr. Morgan has one of the most striking records of any man in an American pulpit. From a puddler in an iron mill for eleven years he has risen to the position of pastor of one of the leading Methodist churches in the United States. Up to the age of 23 Dr. Morgan could not read or write.

The Way to Success "GET BUSY"

and Trade with the Jacksonville Farm Supply Company
FOOD FOR THOUGHT

The late start we are getting makes it necessary to do all we can in a limited time. Get the Great 3-Horse Gang. Reason why? You can accomplish more and do it better than is possible with any other plow. You save the expense of one set of harness and one horse. You pull absolutely straight (no side draft). You turn a perfect furrow, cover all the tract and at any desired depth. The special shape share and general construction of the plow makes this possible. Ask the man who has one. He will tell you. "Sold on their merits." If you have not sent in your bid as per circular sent you "do it now." This is Money For You.

The Keeley Cure for the Liquor Disease

Has No Rivals as Far as Results Are Concerned

The Keeley Institute, Dwight, Ill.

Beautiful location. Delightful surroundings. Fine accommodations. Fireproof. Equipped with every modern convenience for comfort and safety.

The Keeley Cure Is Permanent

"This is the twentieth anniversary of my reincarnation and release from the bondage of the Demon Rum. Completely cured—the accursed appetite never to return."

This is a sample letter; we have many, many thousands like it. But we never publish names of patients, without their consent.

In a number of instances we are allowed to use names of men who have been cured, as references, and will be glad to do so, and convince inquirers of the truth of our claims, if desired.

We manufacture and sell Home Remedies which cure the Tobacco Habit and many forms of nervous troubles.

Full Information on Request

Booklets and full detailed information sent in sealed, plain envelope on request.

You can save that brother, relative, friend, employe from ruin, disgrace and death? Will you do it?

400,000 men have been saved by the Keeley treatment during the last 32 years! 400,000 families restored to happiness! New hope and joy and ambition brought into the lives of approximately 2,000,000 people! Isn't there someone you can help?

Drunkenness Is a Disease

Dr. Leslie E. Keeley proved that drunkenness is a true disease. It affects the nerve cells, producing in them a demand for alcoholic food. And it paralyzes the sufferer's will power and ability to resist.

Not one man in a thousand can stop immoderate drinking of his own accord. No more than he can cure himself of smallpox or brain fever. He must have help!

How the Keeley Treatment Cures The Keeley remedies cure by removing the artificial alcoholic appetite from the nerve cells, and restoring them to their natural condition.

The Keeley medicines are nerve tonics. They cause no sickness or nausea. They are absolutely non-injurious and leave no ill effects of any kind. The "craving" for drink is not the disease. It is simply the symptom of the disease, just as a cough is a symptom of some irritation or inflammation. When the nerve cells are restored to their normal, healthy condition, the appetite for alcohol disappears.

We also cure Opium, Morphine and other drug addictions. The drug is withdrawn gradually and there is no shock, collapse, prostration or sickness. Full particulars in plain, sealed envelope on request. We have a Chicago office, Suite 906 Rector Building, 79 W. Monroe Street, where arrangements may be made.

CHICAGO TO NEW ORLEANS BY BOAT

Chicago, Ill., April 12.—After years of discussion and agitation the "Lakes to the Gulf" project, aiming at the restoration of freight traffic by water between the great lakes and the Gulf of Mexico, is about to become an accomplished fact. The Chicago and New Orleans Transportation company has been organized to maintain a regular boat service between Chicago and New Orleans, and tomorrow the service is to be inaugurated with the sailing of the steamer E. S. Conway from La Salle, Ill., bound for the Crescent City. The route will be by way of the Chicago drainage canal and the Illinois and Michigan canal and down the Illinois river to the Mississippi. The steamer Conway will carry about 800 tons of freight on its initial trip and more than 100 prominent Chicagoans who are interested in the deep waterway movement. Officers of the new company believe that one result of their enterprise will be to make railway rates lower.

VANCOUVER MAN TO LECTURE ON THE BIBLE.

C. F. Heard of Vancouver, B. C.,

who will lecture at the court house this afternoon at 3 o'clock, under the auspices of the International Bible Students' association. His subject will be, "Is the Gospel a Failure." There will be no admission fee and no collection will be taken.

Helen Keller, Deaf, Dumb and Blind From Birth, Can Now Speak and Is Able to Sing the Scale.

Miss Helen Adams Keller, who has become one of the best educated women in America in spite of having been blind, deaf and dumb from birth, recently has added the faculty of speech to her almost astounding list of accomplishments. Those who have heard her speak describe her voice as flat and colorless, but she is able to sing the scale. Mrs. John Macy, who has been Miss Keller's teacher for twenty-six years, explained recently that the singing exercises were intended merely to strengthen Miss Keller's speaking voice. Miss Keller now can converse on almost any subject, but only with the assistance of Mrs. Macy, who translates into the mutes' language the questions and answers of the interviewer. During a demonstration of Miss Keller's ability not long ago Mrs. Macy declared Miss Keller's presence on the lecture platform was evidence of the greatest achievement in the history of education of those afflicted like Miss Keller. Miss Keller is on the right in the picture.

GRIDIRON CLUB GAVE ANNUAL SPRING DINNER

INCOMING OF DEMOCRATS MADE BASIS FOR MERRIMENT

Good Natured Grilling Given to President Wilson and His Associates—Scene From Melodrama, "The Democratic Lighthouse"—Quotations From Scriptures Hit Parties.

Washington, April 12.—President Wilson and his cabinet took their first lesson in staccato from the Gridiron club tonight at its annual spring dinner. In the presence of members of the diplomatic corps, members of congress and many distinguished figures in public life they took a good natured grilling which was a hearty welcome after all. The correspondents, in song and jest, drew back the curtains to disclose the pitfalls that beset any administration and show the follies, the weaknesses and the virtues of statesmen.

A scene from "genuine melodrama" "The Democratic Lighthouse" conveyed in thrilling fashion the warning to the tariff makers of the dangers that lie in their pathway. In the lighthouse upon the rock was fought the battle between the principles of pure democracy and enemies in and out of the party.

"'Tis a bitter night," declared Hoke Smith, a fisherman amid a shower of stage snow. "For sixteen years Democratic Light has been dark, but now old Bill Bryan's coming back to be keeper of the light."

Bryan and Clark. Champ Clark, another fisherman, learned that without enthusiasm, and declared he never liked that fellow. Said he, "I tried to ride a trick mule in Baltimore and was just about to win the prize when old Bill Bryan slipped a burr under the saddle."

There had been wrecks off the coast while the light was out said Champ, "The G. O. P. liner Taft is but a hulk on Protection Rock. The mizzentop of the brig Progressive schear shows above Bull Moose Shoal, and the swift clipper, Uncle Joe lies whitening on the strand, all lost for lack of light, no cash. Now (however, the wreckers have been driven off by the coast guard, headed by Oscar Underwood and McAdoo, though the former's protection is merely incidental."

"Keeper Bryan arrives with his daughter, Tariff, and receives a telegram. The message from Woodrow Wilson, owner of the sailing brig "T. Jefferson Platform," out of Baltimore with a cargo of Democratic

measures informs the keeper that the vessel was due at Port Revenue that night and begged that the light be kept burning to bring her in safely as the country demanded her freight. Gloomy were the prognostications of the coastguard and keeper and fishermen. McAdoo remarked of the platform, "Every four years she departs on a new cruise, loaded to the guards, but she never brings all her cargo into port."

Bryan: "Aye, there's always a story of storms at sea, and they throw the cargo overboard to save the crew." * * * Once she was taken from me, wh had commanded her three years, by an Oyster Bay pirate. He filled her with false hopes, put Bill Taft in command and then scuttled her."

Platform Carries Safely.

During the temporary absence of the other men, the villain enters in the person of Fonnese Snoot, who seeks to elope with Miss Tariff, but is slugged and driven off by coastguard Oscar Underwood. He returns, however, to put out the light and wreck the incoming ship, overcomes Keeper Bryan in a terrible struggle, but is slain in a duel with Underwood. The safe arrival of the "Platform" is announced, but alas on board was none of the Democratic cargo; not "Tariff Revision" nor "Currency Reform," nor the "Seven Sisters," nor "Philippine Independence," nor "Civil Service Reform," nor Revised Sherman Law, nor "Free Canal Tolls," but only 15,000 office seekers.

Keeper Bryan: "Mr. President, what SHALL we do?" President Kauffman (after whispering with President Wilson): "President Wilson says take the ship to sea again and scuttle her."

Bryan: "God pity the office seekers on a night like this."

Scarcely had the guest settled back to dinner before a disorder arose through the importative and noisy demands for admission into the hall and into membership into the Gridiron club of two reporters—Robert D. Patelin of the New York Herald, and Thomas F. Logan of the Philadelphia Inquirer. In accordance with custom they were initiated in presence of the company, the ceremony taking the form of a practical examination of the candidates in reportorial work.

Testing his general information, one was asked where the Democratic party is mentioned in Scripture, to which he replied: "In the book of Psalms, 'The Wild Asses did stand in high places, they snuffed up the wind like dragons their eyes did fail, because there was no grass.'"

"Are the Progressives mentioned anywhere?" "Yes, in the book of Hosea, they are all hot as an oven, and have devoured their judges, they have sown the wind, and they shall reap the whirlwind."

"As to the Republican party?" "In the revised version prepared by Dr. Roosevelt, the Psalmist says: 'The wrath of the people came upon them, and slew the fattest of them.'"

The musical feature of the evening was a parody upon the "Chimes of Normandy," in this instance replaced by the "Liberty Bell." Like the original chimes this bell was supposed to ring out only upon the return to his castle (in this case the white house) of the rightful heir, "Mr. Jeffersonian Democracy, something of a philosopher, something of a political economist, something of an orator and something of an historian (of course the likeness being President Wilson) but above all the patriot loves the liberty bell of 1776."

In musical rhyme it was told how the Liberty Bell had become silent and vigilance slept while men chased the dollars, and around gathered the grim spectres who would not depart until they heard the bell. These ghosts spoke for themselves, too, as follows:

First Ghost: "The ghost of high protection, Once he ran the ship, Since the last election He has no place to stop."

Second Ghost (Dollar Diplomacy): "Once I was respected, For my bonds and rents, Now I am disconnected, And feel like thirty cents."

Third Ghost (Monopoly): "Though they have consigned me, Often to the pound, Somewhere they will find me, Always hanging round."

Fourth Ghost (Imperialism): "Once a spectre hearty, Now I'm on the shelf, Bryan told his party, He'd boss the job himself."

And the bell pealed and the ghosts shrunk away, and the chorus sang: "We think we've found the man to ring that bell."

Woodrow Wilson, you're the man to ring that bell."

TARIFF THE ISSUE.

Boston, Mass., April 12.—Politicians of all parties are keenly interested in the special election to be held in the 13th congressional district next Tuesday to choose a successor to John W. Weeks, who resigned his seat in the house to accept the United States senatorship. The election is regarded as important because it is the first to occur in any part of the country since Mr. Wilson became president. Furthermore, the contest among the candidates has been made on the tariff issue and the result is expected to show the attitude of Massachusetts toward tariff revision. The contest is a three cornered one, the candidates being former Congressman John J. Mitchell, Democrat; Thirsd W. Cutting, Republican, and Norman H. White, Progressive.

William D. Alford of Franklin was transacting business in the city yesterday.

Bell System

You can see the tall sky-line of a great city, with its thousands of offices full of people, from a point several miles distant.

But when you wish to "see" one of those people on business, resort to the telephone. Its range is not restricted by fog nor by the earth's curvature.

Anyone with ears to hear in the United States or Southern Canada, may be "seen" by Long Distance Telephone.

VOTE FOR GOOD LIGHTS

JACKSONVILLE!

Boosters Boost Bond Issue

Why ————— Why ————— Why?
BECAUSE

The Present and the Proposed

The capacity of the present plant is now 227 lights. The capacity of the proposed plant will be twice this much, with a small reserve.

We now have 187 arc lights with less than one-half in operating condition.

We will have 287 new arc lights in the residence district, 96 three-clustered and 85 five-clustered boulevard lights throughout the fire district under the proposed plan.

We now have overhead wires which are defective and dangerous. The proposed plan will provide underground wiring through business district, which will reduce current loss 25 per cent.

Repairs for lamps now in use can be bought from only one company in the United States at nearly four times the cost for parts of the proposed new lamps.

A well lighted city will increase the valuation of real estate.

Our light plant should be built so that it will take care of the future growth of the city.

If current is purchased from a private corporation an extension of new lights is almost impossible, because of added permanent cost to the city.

I believe that the present bond issue is necessary and is the best solution for good lights. Why delay longer and be content with the poor lights that we now have?
DR. EDWARD BOWE.

Commercial travelers have for years talked about Jacksonville's dark streets. If the new light plant is built it will be a big ad for us all over the country.
JOHN B. SNELL,
Proprietor Pacific Hotel.

We need lights now for the betterment of our city. Vote for the \$50,000 Bond Issue. Same means much for the advancement of Jacksonville and all citizens will receive a benefit. Individual costs, if any, are too small to be considered.
F. J. ANDREWS
President Chamber of Commerce.

I for one am certainly in favor of good lights. I believe now is the time to get busy and get them.
T. A. CHAPIN.

Over 1,000 Citizens Have Endorsed the New Lighting Proposition

Following Are a Few of the Endorsements:

I hereby agree to co-operate with the Young Men's Booster Club of Jacksonville and the City Administration in supporting the \$50,000 bond issue so that this city might have "Good Light."

F. J. Andrews	Ernest G. Stout.	Harry Obermeyer.
F. E. Farrell.	Michael White.	F. H. Montgomery.

Ernest C. Roach.	William G. Benson.	Frank Byrns.
		W. L. Fay.

The present lighting system has given Jacksonville an unfavorable reputation abroad by visitors to the city. I believe it should be improved.
H. C. FOULK, Prop. Dunlap House

Our Commissioners

Since the adoption of the Commission Form of Government the city's back indebtedness has been reduced \$33,650.43. We congratulate them for this saving.

We, the Boosters' Club of Jacksonville, believe that our Business Men's organization and city administration must work together for the city's welfare. We have investigated this proposition and recommend it to all citizens for their support.

Executive Committee Boosters Club.

I had a conversation with Mr. Brennan some days ago in reference to the proposed bond issue. Before this interview I was much opposed to the proposition of the city's assuming this debt. Mr. Brennan convinced me that only the full amount of \$50,000 would be needed, but also that the taxes would not be increased. As a result of this issue I think Mr. Brennan has gone into the subject very thoroughly, and that he understands the situation, and also that if the people authorize this bond issue the money will be judiciously and economically expended under his direction.
S. R. CAPPS.

I hope you are successful in getting the \$50,000 bond issue voted by the citizens, because you have adopted the right plan and the people of Jacksonville ought to encourage you in it.
H. L. CALDWELL.

My first intention was to vote against the bond issue, but the more I have studied the matter the more convinced I become that it should carry. Consequently I am going to vote for the proposition.
L. W. CHAMBERS.

Reasons for Good Light

Jacksonville is the poorest lighted city of its size in Illinois today.

If the bond issue carries you will have one of the best lighted cities in the state.

Well lighted cities show a progressive spirit and afford better police protection.

Our municipal plant has served its purpose and cannot be adequately repaired.

There are only two other such plants in operation today.

A "direct" system of lighting was modern twenty years ago. Today the alternating system is entirely used.

There is only one concern manufacturing the carbons used in our poor street lights. It has a complete monopoly on such supplies.

Competent engineers are agreed that it will require \$50,000 for these improvements.

Jacksonville should own her own light plant.

A boulevard system of lights will make Jacksonville's business district the show window of the city.

This bond issue will double the lights in the residence district.

We want to see Jacksonville grow.

If Jacksonville is to keep the reputation as the "Athens of the West" we must have well lighted streets. Every citizen should vote for the "bond issue."
G. B. ANDRE.

I am heartily in favor of the bond issue. We certainly need the lights, and I think the record of the commissioners up to date shows that they will be able to provide for the payment of the bonds as they fall due without impairing the efficiency of the other departments of the city.
P. F. ALEXANDER.

A traveling man refused to go down Morgan street to the Y. M. C. A. because of the darkness off the square. I am determined to do all I can to change this condition.
W. D. GATES.

If there is any man in Jacksonville strong for public improvements it is I. We should have well lighted streets and not be compelled to go around carrying lanterns, as some of our citizens would be content to do. I'm for the bond issue and I believe every citizen in Jacksonville will be if they only visit our electric light plant.
J. J. MALLIN.

THE BOND ISSUE WILL NOT INCREASE YOUR TAXES

VOTE "YES" TUESDAY, APRIL 15

A STRONG REFERENCE.
A young man recently applied for a position with a large printing house, and not having a letter of reference, offered his bank book. It showed a regularity of entries of deposit. It was a very strong recommendation, indicating character and persistency, which finally secured for him a good position.

LOST AND FOUND.

LOST—White linen, embroidered for waist. Return to Journal office. Reward.

THE WORLD'S LATEST FINANCIAL AND MARKET NEWS

THE TONE OF STOCK MARKET IMPROVES

CLOSE BRINGS SOME GAINS OF A POINT OR MORE.

Canadian Pacific Was in Demand From Abroad and Rose Two Points on the Strength of London Demand.

(By Associated Press)
New York, April 12.—After a further recession in the first hour today, the stock market developed a firmer tone, and at the close there were some gains of a point or more. Selling in the early trading appeared to be of the same character as during the last few days, due to the same influence. There was further selling of high grade bonds, owing to the conviction that a readjustment is necessary to conform to the basis established by new issues paying high rates. The result of this selling was again reflected in stocks, but to a lesser extent than yesterday.

Important issues did not decline heavily, substantial losses being restricted to the newer industrials, among which there was further heavy liquidation.

Bear traders finding that they could make little impression on the standard stocks, showed some uneasiness and covering of shorts was largely responsible for the brisk rally which brought the weeks trading to an end.

Another consideration which figured in the calculations of the bears was the possibility that a decision may be handed down on Monday by the supreme court in the Minnesota rate case. As the stock market is closed on Monday until noon there will be no opportunity for trading on that day before the hour at which the court sits.

Canadian Pacific was in request from abroad and rose two points on the strength of London demand.

Predictions of a favorable bank statement were fully realized the actual table showing a cash gain of over price 5,000,000 and a substantial addition to reserves.

USER NEWSPAPER FROM
FLOODED OHIO CITY

Copy of Marietta Register-Leader Issued in Typewritten Form Received by Miss Edna Cline.

Jacksonville people can hardly appreciate the expedients to which the inhabitants of a flood-bound city are compelled to resort. The Register-Leader, a daily newspaper of Marietta, O., were forced by the flood which so nearly engulfed that city to get out their edition on typewriter paper mimeograph copies of regular manuscripts. A copy dated April 1, a time when the flood was almost at its worst, was received by Miss Edna Cline of West College avenue, from her aunt, Mrs. Dr. Sloan, living in one of the more elevated sections of Marietta. It contains four closely written pages and is full of interesting anecdotes of the flood. After all it was hardly forced to the same expedient as Zanesville, a town to the north, where the newspapers were issued the first few times on wrapping paper.

In spite of the immense damage done by the waters, the paper takes on the whole an optimistic view. It reminds its subscribers that there are many things for which to be thankful. Lives of thousands at first imperiled have been found safe. Acute distress from lack of food has been averted by the noble response of the more fortunate all over the country. No serious fires have broken out as in the case of the nearby town of Parkersburg, which suffered from the double calamity of fire and flood.

Many interesting incidents such as the following have been recorded: "The home of Mrs. Mary Jane Knox, located at the top of the Ohio river bank at Gilman avenue, was carried down the Ohio river by the flood, but favored by fortune, the structure alighting after a long journey on the farm of Mrs. Scott's brother, Dr. A.E. who resides six miles below the city. None of its contents were injured."

Lake Jacksonville, Marietta is an old school town. It contains about the same number of people and is the seat of Marietta college. Its one hundred twenty-first anniversary fell the first week of the floods.

How completely the life of the city was cut off may be judged from a personal communication received last Friday by Miss Cline from Mrs. Dr. Sloan. According to the letter, the natural gas supply was shut off and the heating and lighting plant was shut down. Many were compelled to do their cooking on bonfires built with whatever materials came to hand. No telephone communication existed for nine days after the flood first came.

General communication is yet by no means established. Miss Cline has been able to hear nothing from her uncle, W. D. Cline, once of Manchester, who resides just across the river from Marietta in West Virginia.

SOCIAL EVENTS.

A wedding anniversary and birthday gathering will take place this evening at the home of Mr. and Mrs. Ernest Frost of 724 West State street. The occasion is the fifth wedding anniversary of Mr. and Mrs. Frost and the birthdays of Edward Wackerle, Mrs. Everett Kimball and Ernest Frost. A sumptuous dinner will be served at 6 o'clock and the house will be decorated in lavender and white. The evening will be spent in a social way. Those who are observing the day belong to a club called the "Chizzley's," which has been organized for the past two years.

Mabel Rogers, the daughter of Mr. and Mrs. W. B. Rodgers was 10 years old Saturday and in honor of the event a number of her friends were invited to her home on South Main street, where the afternoon was spent in a happy manner. A number of games were played which afforded no little amusement the hours being from 3 till 5. Splendid refreshments were served, the table being decorated in lavender and white. Mrs. Rogers was assisted in entertaining by Mrs. Ada Rantz and Miss Grace Moore. Miss Mabel was the recipient of a number of pretty presents.

The guests present were Grace and Louise Priest, Helen Turner, Lucille Riggs, Josephine Miller, Ruth Bradley, Maurine and Dorris Linderman, Helen Richardson, Marjorie McMurphy, Mary Adelle Raggsdale, Mary Lee Ketterling.

Mrs. Arthur Masters gave a party Saturday afternoon at the family home, "The Maples," in honor of the 19th birthday of her daughter, Florence Leonard Masters. The afternoon was spent in playing games and in various contests and in the peanut race the prize was won by Isabel Woodman. Suitable refreshments were served and a beautiful birthday cake was made for the occasion.

The following were the guests:

Maudie, Eva and John Hackett, Aurelius and James Jr. Vosseller, Felix and Dorothy Farrell, Leonard Farrell Crabtree, Frances Waddell, Ruth Reynolds, Betty Baldwin, Jean Lettue, John Robertson, Isabel and Ella Eugenia Woodman and Eleanor Masters.

See "A SCRAP OF PAPER," Belles Lettres play at Music Hall tomorrow night. Admission 35 cents.

WATER REMAINS AT STANDSTILL

Saturday witnessed little change in the flood conditions along the Illinois river, the water remaining practically at a standstill. The men are still being kept at work on the levee and two companies of militia are still being kept patrolling the dike. The rain of Saturday was light and it is thought that the water will soon go down and attain its normal condition.

MISS ANNE JACKSON ADDRESSES
JACKSONVILLE WOMAN'S CLUB

Mrs. Charles E. Smoot, District President of Federation, Guest at Regular Monthly Meeting.

Saturday afternoon at Academy hall the members and guests of the Jacksonville Woman's club listened with keenest delight to the program provided by the flower committee, of which Miss Louise Capps is chairman.

Mrs. W. A. Furr presided and after the routine business was transacted, introduced the guest of the day, Mrs. Charles E. Smoot of Petersburg, president of the twentieth district, Federation of Women's clubs.

Miss Lillian Smith of the school for the blind sang ten of the "Tuck Me in Songs," which were especially charming when sympathetically accompanied by the composer, Miss Carrie Dunlap.

The feature of the afternoon was a talk by Miss Anne Jackson who transported her hearers into a world new to most of them. "The birds are here again, suggesting spring, the resurrection of hope," said Miss Jackson. "There is no emotion more pleasurable than the first bird's note. To the eye it is winter, to the heart it is spring. January 20 brought the first song sparrow, February 16 the first tree sparrow, March 5 the meadow lark, March 30 the red wing blackbird and April 9 the kingfisher and cow birds."

Miss Jackson spoke of the joy of really knowing the birds, of being able to recognize the bird by its song as well as by its plumage. She thought that if every child should study some branch of natural science there would be fewer bored people in the world. Continuing she said: "It is a hobby that would keep the child out of doors and if armed with a camera instead of a gun would bring him infinitely more real pleasure. An opera glass is a necessary tool in this bird business and its purchase will pay large dividends in delight. A would-be bird lover must have enthusiasm, determination and ability to keep still. He must learn to listen as well as look. Bird songs at first are only a jumble of sounds but they soon become distinct and recognizable. If one learns the call notes and is enabled to recognize friends among the birds, the twittering notes of spring will be changed to the full sweet love songs of summer."

"It is not necessary to go out of town to make the acquaintance even of such aristocrats as the hermit thrush which spends a few days here enroute to his northern home. A glance at Blanshan's bird neighbors will show that birds which we would have classed as distinguished strangers, are common in this locality."

"Mr. Burroughs has remarked very aptly that there are more people who want to know than know birds, than that want to know them. Burroughs' books are full of freshness of the outside world."

Other bird books recommended by Miss Jackson are: Reid's Bird Guides, Chapman's Handbook of Birds of Eastern North America, Citizen Bird by Wright and Cones. A splendid book for boys is Blanchan's "How to Attract Birds" and is full of practical suggestions. Miss Jackson closed her fascinating talk with a recital of her experiences in the raising of twenty bird children and with anecdotes of their infancy.

AT AN AFTERNOON CALL "said a popular society woman, "the subject of woman's health was under discussion, and to my amazement three out of four women in the room, who had happened to call at the same time, had found health in Lydia E. Pinkham's Vegetable Compound."

Thousands of women in America owe their health and happiness to the marvelous power of this famous medicine, which is made from roots and herbs, nature's remedy for woman's ills.

Dance Wed. eve., Apr. 16, Degen's Hall. Union music, O. H. Spaulding.

MARCUS HOOK PASSES AWAY
AT HOME ON CALDWELL STREET

Had Been in Poor Health For Some Time—Arrangements For Funeral to Be Made Later.

Marcus Hook, long a well known resident of Jacksonville, died at 2:10 o'clock this (Sunday) morning at his home on Caldwell street. He was 68 years of age and for a long period was connected with the Jacksonville & Southwestern railroad and subsequently held other railroad positions, as he was an accountant of wide experience and recognized ability. He is survived by three children: Miss Mamie, who through the long period of sickness preceding his death has been his devoted attendant; Mrs. Warren Gilmer of New Orleans, La., and Marcus Carleton Hook of this city. Arrangements for the funeral will be made later.

Wagner. Mrs. Thomas Wagner died at her home two miles northwest of Shiloh Saturday night at 9 o'clock.

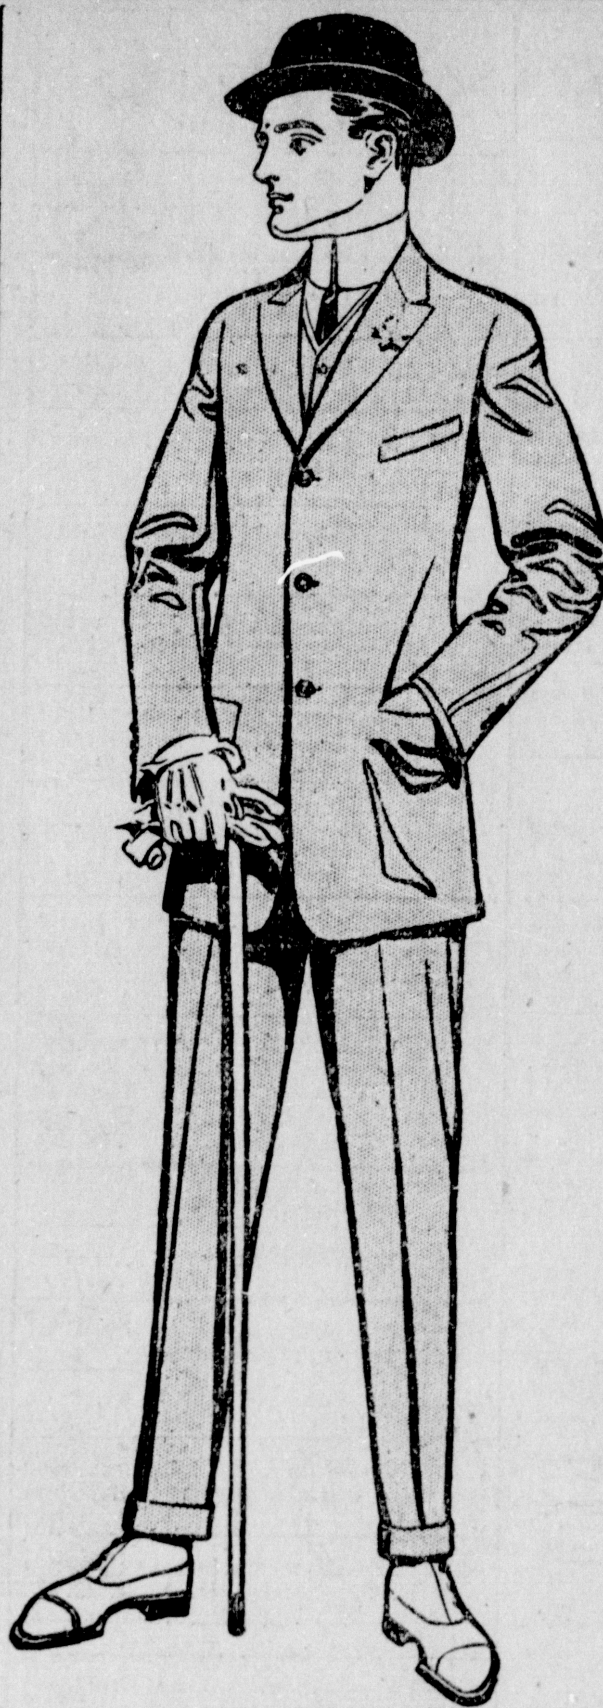

ON SALE. 75 EXQUISITE TRIMMED PATTERNS HATS AT ORIGINAL MAKER'S COST. AT HERMAN'S.

BOARD OF EDUCATION ELECTION.

Residents of the first and second wards should not fail to remember that members of the board of education are to be chosen in those wards next Tuesday. The board of education handles affairs of vast importance. First of all the welfare of the children of the city is largely in the hands of the board members and second the board is entrusted each year with the expenditure of a large sum of money. The Republican nominee in the second ward is E. E. Bavington who has held that position for the past four years. First ward Republicans have nominated John E. Hall, at present a deputy circuit clerk and at one time a first ward alderman. While these men have been chosen Republican nominees it is likely that party lines will not be strictly drawn in the election. If you are a resident of the first or second ward do not fail to vote Tuesday. Polls open at seven and close at five o'clock.

SALEM CHURCH MARKET. The Ladies Aid society of Salem church, east of Jacksonville, held a market Saturday at the store of Johnson, Hackett & Guthrie. They report a very successful sale as they disposed of all their provisions and had calls for more. They report their receipts as \$13.

The ladies having the market in charge were Mrs. George Hoagland, Mrs. William Davis, Mrs. Edward Phillips, Miss Fannie Boyd, Mrs. Frank Green, Mrs. Austin King and Mrs. Charles Dodds.

THE young man who wants a blue graduation suit that is "different"---that has class and swing and go will find just the suit he wants here in our display of Society Brand Clothes---Suits that have character---that are correctly tailored---that fit---any style coat Norfolk, English ---and regular styles---any length, two or three button, single or double stitched, \$15 to \$30.
